**4-C. TOWSON UNIVERSITY**  
***Field Hockey Turf Replacement***

**Contract ID:** Field Hockey Turf Replacement, TU-1855

**Award:** FieldTurf USA, Inc., Pittsburgh, PA

**Contract Description:** Provide a new field hockey complex for Towson University's NCAA Women's Field Hockey team. The project includes an artificial turf field, team benches, a press box and video structure, scoreboards, supporting infrastructure and utilities, watering system and safety fencing.

**Contract Term:** 6/11/18 – 8/24/18

**Procurement Method:** Cooperative Purchasing Agreement

**Amount:** \$2,668,002

**Fund Source:** Plant Funds

**MBE Participation:** 10%

**Resident Business:** No

**Performance Security:** None

**Requesting Institution Remarks:** Johnny Unitas Stadium is currently used for women's field hockey along with other sports. There is a need to provide the field hockey program with a separate facility in order to remain competitive as Towson University is the only Division I team without a specific field hockey field. In order for the new field to be certified by the NCAA, the project requires the use of firms certified by the International Hockey Federation. Towson is utilizing a cooperative purchasing agreement through the Keystone Purchasing Network (KPN) which was competitively procured in order to meet program and scheduling requirements.
