1. BOARD OF PUBLIC WORKS

**COMAR Title 21: State Procurement Regulations/FINAL Action**

*Recommendation:* That the Board of Public Works take final action to adopt new and amended COMAR Title 21, State Procurement Regulations.

*Proposal Approved:* Secretary’s Agenda Item 14 (1/8/2020)

*AELR Review:* Complete

*Proposal Published:* 47 Maryland Register 345-355 (3/13/2020)

*Public Comment:* No public comments were received during the 30-day open period after publication in the *Maryland Register* on March 13, 2020.

*Final Action:* Upon review of the proposal, the Procurement Advisor recommends that the Board adopt the proposal as published.

(1) **Implement new procurement laws from 2019 legislative session**

**Amend:**
- 21.01.03.01A(35-4) Exemptions – Supplemental Retirement Plans
- 21.05.01.01 – Methods of Source Selection
- 21.07.01.29 – Mandatory Contract Provisions – Election Service Providers - Ownership, Investment In, or Control by a Foreign National
- 21.11.01.04 – Small Business Eligibility/Certification
- 21.11.03.15 – MBE Policies – Certification – General
- 21.13.01.01 – Reporting Requirements – Sole Source, Emergency, and Expedited Procurement Reports
- 21.13.01.03 – Reporting Requirements – Reports of the Small Business Reserve Program

(2) **Revise regulations in accordance with prior legislative changes**

**Amend:**
- 21.01.02.01B(16-1) Definitions – Chief Procurement Officer
- 21.01.02.01B(33) Definitions – Department
- 21.01.02.01B(45) Definitions – GPSSB – Repealed
- 21.01.02.01B(54) Definitions – MBE
- 21.01.02.01B(92) Definitions – TPSSB - Repealed
- 21.02.01.03A Control Authorities
- 21.02.01.04A Delegation – The Department of Budget and Management - Repealed
1. BOARD OF PUBLIC WORKS (cont’d)

COMAR Title 21: State Procurement Regulations/FINAL Action

21.02.01.04B Delegation – The Department of General Services
21.02.01.04E Delegation – The Treasurer
21.02.01.04H Delegation – Department of Public Safety and Correctional Services
21.02.01.04J Delegation – Department of Information Technology
21.02.01.05A – Action Agendas
21.02.01.05B – Procurement Agency Activity Reports (PAAR)
21.02.03 – Department of Budget and Management – Repealed

2. BOARD OF PUBLIC WORKS
   Wetlands Licenses

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board grant licenses for projects involving filling in the navigable waters of Maryland.

MDE: The Maryland Department of the Environment concurs with this recommendation.

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.” See also COMAR 23.02.04.

ANNE ARUNDEL COUNTY

16-0651 TANYARD COVE NORTH HOMEOWNERS ASSOCIATION, INC. – To provide water access to an adjacent planned residential development by placing a precast concrete boat ramp, constructing a pier with an attached walkway, and planting marsh vegetation.

   Glen Burnie, Marley Creek

Special conditions: Time-of-year restriction. Requirements for marsh establishment.

   Wetlands created: 1,043 square feet

Baltimore CITY

19-0707 ORIGIN BALTIMORE TERMINALS, LLC - To allow for larger vessel berthing by removing concrete and timber piers, constructing dolphins, a catwalk, and a barge winch platform.

   Baltimore, Curtis Creek

Special conditions: None.

CECIL COUNTY

19-1311 3 RIVERSIDE DRIVE, LLC – To protect a shoreline and pier by constructing stone groins and dolphin clusters.

   Earleville, Elk River

Special conditions: Time-of-year restriction.
2. **BOARD OF PUBLIC WORKS (cont’d)**

3. BOARD OF PUBLIC WORKS  
Wetlands License Mitigation

**Recommendation:** The BPW Wetlands Administrator recommends that the Board approve mitigation for impacts to 400 square feet of submerged aquatic vegetation (SAV) by requiring the Licensee to pay $1,379 into the Tidal Wetlands Compensation Fund.

**MDE:** The Department of the Environment concurs with this recommendation.

**Authority:** Title 16, Environment Article, Annotated Code of Maryland; COMAR 23.02.04.17D.

**BALTIMORE COUNTY**

18-0509  
STEVEN FREEL – To protect against erosion by replacing bulkhead, to provide deeper water for boating by mechanically dredging an area, to construct a pier extension, and to move a boat lift.

Middle River, Seneca Creek

Special Conditions: Time-of-year restrictions and restrictions for accessory platforms. Requirements for payment into the Tidal Wetlands Compensation Fund, bulkhead design and construction, dredge materials disposal plan and approval, staking of area to be dredged, disposal of dredge materials, and maintenance dredging.

**Mitigation:** Due to impacts to 400 square feet of SAV, MDE has recommended that the Licensee be required to mitigate for impacts at a 2:1 ratio for impacts to emergent tidal wetlands and pay $1,379 into the Tidal Wetlands Compensation Fund (COMAR 26.24.05.01.C.(1)(b)).

\[400 \text{ square feet} \times 2 = 800 \times \$1.723 \text{ square foot} = \$1,379\]
4. BOARD OF PUBLIC WORKS  
Wetlands License Mitigation

Recommendation: The BPW Wetlands Administrator recommends that the Board approve a wetlands license including mitigation for impacts to 5,250 square feet of submerged aquatic vegetation (SAV) by requiring the Licensee to pay $27,138 into the Tidal Wetlands Compensation Fund.

MDE: The Department of the Environment concurs with this recommendation.

Authority: Title 16, Environment Article, Annotated Code of Maryland; COMAR 23.02.04.17D.

CECIL COUNTY

19-0746  TOMES LANDING YACHT CLUB INC. – To improve navigable access by mechanically dredging an area and providing for a six-year maintenance period.  
Port Deposit, Susquehanna River  
Special Conditions: Time-of-year restrictions. Requirements for payment into Tidal Wetlands Compensation Fund, a dredge disposal plan, staking of area to be dredged, dredged material transport and disposal, post-dredge bathymetric survey, and maintenance dredging with MDE notification.

Mitigation: Due to impacts to 5,250 square feet of SAV, MDE has recommended that the Licensee be required to mitigate for impacts at a 3:1 ratio for impacts to a species (SAV) in need of conservation and pay $27,138 into the Tidal Wetlands Compensation Fund (COMAR 26.24.05.01.C.(1)(e)).

\[
5,250 \text{ square feet} \times 3 = 15,750 \times \$1.723 \text{ square foot} (\$75,000/acre) = \$27,138
\]

BOARD OF PUBLIC WORKS  THIS ITEM WAS:
APPROVED  DISAPPROVED  DEFERRED  WITHDRAWN  
WITH DISCUSSION  WITHOUT DISCUSSION
5. BOARD OF PUBLIC WORKS

Wetlands License Mitigation

Recommendation: The BPW Wetlands Administrator recommends that the Board approve mitigation for impacts to tidal wetlands associated with the Masonville Dredged Materials Containment Facility (DMCF), Wetlands License #06-1653(R8) authorized by the Board on August 22, 2007 (Secretary’s Agenda Item 2).

MDE: The Department of the Environment concurs with this recommendation.

Authority: Title 16, Environment Article, Annotated Code of Maryland; COMAR 23.02.04.17D.

Baltimore City

19-1060 WATERFRONT PARTNERSHIP OF BALTIMORE INC. – To intercept and collect trash by installing a waterwheel-powered trash interceptor and trash booms.

Baltimore City, Gwynns Falls

Special Conditions: Requirements for Licensee to operate and maintain trash interceptor and trash booms at all times.

Mitigation: As a part of the mitigation agreed upon by the environmental agencies for Masonville DMCF impacts to tidal wetlands (filling 130 acres of open water and one acre of vegetated wetlands), the Maryland Port Administration (Licensee) agreed to the installation of a trash wheel to remove trash and debris from Gwynns Falls. The installation of a trash wheel at Gwynns Falls is one of a number of mitigation items agreed upon by Maryland Port Administration as “out-of-kind” mitigation (COMAR 26.24.05.01.C.(2)) for tidal wetland impacts.
6. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT  
Down Payment Settlement Expense Loan Program

**Recommendation:** That the Board of Public Works approve release of the second lien deeds of trust to facilitate short sales on the properties and allow the Maryland Department of Housing and Community Development to take unsecured promissory notes for the Down Payment Settlement Expense Loan Program. The promissory notes will be for the amounts shown below.

**Loan Authority:**  
Down Payment and Settlement Expense Loan Program  
Housing and Community Development, Article §§ 4-301-4-309, Annotated Code of Maryland

**Authority to Release**  
State Finance and Procurement Article, § 10-305, Annotated Code of Maryland

**Security Interest:**  
Annotated Code of Maryland

</tbody>
</table>

**Grant Purpose:** The Maryland Broadband Infrastructure Grant Program is intended to provide financial assistance to construct broadband infrastructure necessary to provide broadband service in rural communities where broadband service does not currently exist.

**Authority:** Consolidated Capital Bond Loan of 2019 (Chapter 14, Acts of 2019)

**Matching:** Grantee is required to contribute a match towards the Project that is a minimum of fifty percent (50%) of the total construction cost and a one hundred percent (100%) equivalent of the Grant amount. Projects that include areas designated as Sustainable Communities and/or Priority Funding Areas are eligible for a reduced match requirement of twenty-five percent (25%) of the total construction cost and one-third (1/3rd) of the Grant amount. The match must be available cash and cannot be used to fund operational costs, with certain exceptions as provided in the application guide.

**Background:** The Governor’s Office of Rural Broadband (the Office) was established by Executive Order to address the lack of broadband service in rural areas. The Office, housed at the Department of Housing and Community Development (DHCD) and with funding provided through DHCD, is committed to working with Maryland’s local jurisdictions and Internet Service Providers (ISP’s) to enable broadband service to be extended to rural, unserved households and businesses.
7. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)

Maryland Broadband Infrastructure Grant Program

Background (cont’d):

The Maryland Broadband Infrastructure Grant Program is a newly developed program established to fund new broadband networks necessary to provide broadband access in rural, unserved areas. Grants of between $1 and $3 million are available to fund up to 50% of the capital cost of construction. The program is technology neutral, requiring all funded projects to deliver minimum speeds of 25 megabit per second download and 3 megabit per second upload with a maximum latency of 50 milliseconds.

Charter Communication Holdings, LLC, d.b.a. Spectrum Southeast, LLC:

Charter Communications Holdings, LLC, d.b.a. Spectrum Southeast, LLC (Charter) proposes to extend their network in Somerset County to serve the unincorporated communities of Fairmont, Upper Fairmont, Manokin and Westover. These communities are designated as Sustainable Communities and/or Priority Funded Areas and qualify for a reduced match of 25% of the capital construction costs. Charter will provide the entire required match for this project and be responsible for all ongoing operating and maintenance costs relating to the network. The total capital construction cost for the project is estimated to be $1,610,878.

Charter currently offers service in the City of Crisfield and areas of Somerset County surrounding the City. The project is supported by the Commissioners for Somerset County. The project will make broadband service available to 391 homes and 16 business or other types of users. The technology to be used is DOCSIS 3.1 that utilizes a Hybrid Fiber Coax (HFC) network where fiber optic cable is extended to a neighborhood network point and coax cable is then extended to the final subscriber. Per the application, the minimum speed to be provided to the subscriber is 200 megabit per second with speeds up to 940 megabit per second being available. Charter will offer all households and businesses their typical internet/video/voice service packages including reduced cost packages for low income qualified subscribers.
7. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)

Maryland Broadband Infrastructure Grant Program

Background (cont’d):

Maryland Broadband Cooperative, Inc.

The Maryland Broadband Cooperative, Inc. (MdBC) provides middle mile interconnection and internet backhaul services to its members. In order for an area to receive broadband services, provisions for the new network to connect to the internet must be in place. The MdBC will construct fiber optic networks into unserved, rural areas that will connect to and utilize their existing network. The newly constructed infrastructure will be made available to their members for use in delivery of last mile broadband services in accordance with the MdBC normal operating policies. The match for this grant will be provided by the last mile infrastructure to be constructed by the MdBC members and the MdBC will offer reduced rates for the use of the funded infrastructure. The total capital construction cost for the project is estimated to be $2,154,240.

The locations of the awarded projects are:

ALLEGANY COUNTY
   Lonaconing (190 Homes Passed)
CHARLES COUNTY
   Nanjemoy (145 Homes Passed)
DORCHESTER COUNTY
   Elliott Island (80 Homes Passed)
   Toddville (114 Homes Passed)
GARRETT COUNTY
   Deer Park (132 Homes Passed)
WICOMICO COUNTY
   Hebron (159 Homes Passed)
   Quantico (130 Homes Passed)

Each area selected for an award was selected based on the lack of broadband services in the area, but with an eye to the potential for expansion and delivery of last mile broadband service. The grant is being made in accordance with an existing MOU between DHCD and the MdBC. MdBC will be responsible for all ongoing operating and maintenance costs relating to the network.
ThinkBig currently offers broadband service via an existing fiber optic network in Kent County and provides broadband services to the Tradepoint Atlantic development in Baltimore County. The project is supported by the Board of Charles County Commissioners. The project will make broadband service available to 1408 homes and 76 businesses. The technology to be used is fiber to the premises (FTTP) network where fiber optic cable passes all properties within the funded area and is ultimately extended to all subscribers. The network will provide speeds of up to 1 gigabit per second, although other service tiers will be available. ThinkBig will offer all households and businesses their typical internet/voice service packages including reduced cost packages for low income qualified subscribers at a minimum speed of 25 megabit per second download and 3 megabit per second upload.
7. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)
Maryland Broadband Infrastructure Grant Program

Background (cont’d):

QCOL, Inc.

QCOL, Inc. (QCOL) proposes to extend their existing fiber optic network in Garrett County to the unincorporated communities of White Rock, Cranesville and Cove. QCOL has been a broadband provider utilizing fiber optic technology in Garrett County since 2004. Garrett County has been working for over 10 years to bring broadband to their unserved rural residents. A match of 50% of the capital construction costs is being provided by QCOL. QCOL will be responsible for all ongoing operating and maintenance costs related to the network. The total capital construction cost for the project is estimated to be $2,002,894.

QCOL is a regional broadband provider with a fiber optic network serving portions of Garrett County, Fayette County, PA and Preston County WV. The project is supported by the Board of Garrett County Commissioners. The project will make broadband service available to 758 households, eight businesses and 20 farm businesses. The technology to be used is fiber to the premises (FTTP) network where fiber optic cable passes all properties within the funded area and is ultimately extended to all subscribers. The network will be capable of providing speeds of up to 10 gigabit per second, although other tiers will be available. QCOL will offer all households and businesses their typical internet/voice service packages.
8. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

Broadband Pilot Funding Program

**Recommendation:** The Governor’s Office of Rural Broadband and The Department of Housing and Community Development recommend that the Board of Public Works enter into grant agreements for the following grants of general obligation bond proceeds.

**Grant Purpose:** The Maryland Broadband Pilot Funding Program is intended to provide financial assistance to expand and extend broadband infrastructure necessary to provide broadband service in rural communities where broadband service does not currently exist.

**Authority:** Consolidated Capital Bond Loan of 2019 (Chapter 14, Acts of 2019)

**Matching:** Grantee is required to contribute a match towards the Project that is a minimum of fifty percent (50%) of the total construction cost and a one hundred percent (100%) equivalent of the Grant amount unless other provisions are made with the Office. The match can be provided from any source other than other state programs including directly from the awardee, a combination of the awardee and their Internet Service Providers (ISP’s) partner or other contributors. The source of the match must be identified in the application.

**Background:** The Governor’s Office of Rural Broadband (the Office) was established by Executive Order to address the lack of broadband service in rural areas. The Office housed at the Department of Housing and Community Development (DHCD) and with funding provided through DHCD, is committed to working with Maryland’s local jurisdictions and Internet Service Providers (ISP’s) to enable broadband service to be extended to rural, unserved households and businesses.
8. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)**

*Broadband Pilot Funding Program*

**Background (cont’d):**

Many of our local jurisdictions have small pockets of 20 to 30 unserved homes with a provider available a few miles away. Constructing an entirely new network to provide service to these homes would be cost prohibitive. Providing funding for an existing provider to extend their network through an area where a business case cannot be made is a much more cost effective and faster way to provide service to these households.

The Broadband Pilot Funding Program is in its second year of awards and has become popular with local jurisdictions. Funding of up to $200,000 via grants is available for projects that extend broadband into unserved, rural areas. The local jurisdictions partner with an existing ISP and they jointly develop a project including a funding formula for the required match portion. The program is technology neutral, requiring all funded projects to deliver minimum speeds of 25 megabit per second download and 3 megabit per second upload with a maximum latency of 50 milliseconds.

** Allegany County:**

Allegany County with its operating partner Conxx, Inc. (Conxx) proposes to extend their existing wireless network to serve the unincorporated communities of Mt. Savage and Oldtown. Allegany County owns the existing network and Conxx manages it on their behalf. Allegany County will provide the match for this project, own the equipment and be responsible for all ongoing maintenance costs relating to the project. Conxx is responsible for the ongoing operational costs including customer service costs as spelled out in the operating agreement between the parties. The total capital construction cost for the project is estimated to be $267,310.

In 1996 Allegany County began the Allconet network to provide internet service for their internal use. As broadband became more necessary to their residents and no ISP was willing to provide it to them, the County started offering residential and business service. They have slowly expanded their network using County funds and have partnered with Conxx to offer service across much of the County and currently have over 600 residential and business subscribers. The project will make broadband service available to an additional 377 homes and 32 businesses. The network will be wireless Utilize TV Whitespace and CBRS unlicensed frequencies. New customers will be offered the same services and packages as is offered to their existing subscribers.
8. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)

Broadband Pilot Funding Program

Background (cont’d):

Baltimore County:

Baltimore County in partnership with Comcast of Maryland, LP (Comcast) proposes to extend the existing Comcast network to serve the unserved households in the Black Rock Road area of the County. The match will be provided by Comcast. Comcast will own the constructed facilities and be responsible for all ongoing operating and maintenance costs related to the network. The total capital construction cost for the project is $69,277.

Comcast currently provides service to much of Baltimore County. The extension of their network resulting from this project will make broadband service available to an additional 24 rural households. The technology to be used is DOCSIS 3.1 that utilizes a Hybrid Fiber Coax (HFC) network where fiber optic cable is extended to a neighborhood network point and coax cable is then extended to the final subscriber. Comcast will offer the full suite of its state-of-the-art products and services, including Xfinity Internet service to all premises incorporated in the project. Per the application, the minimum speed to be provided to the subscriber is 100 megabit per second with speeds up to 2 gigabit per second being available. Comcast offers Internet Essentials that provides low-cost Internet service, the option to purchase an Internet-ready computer, and access to free digital literacy training online.

Cecil County

Cecil County is proposing four projects. The first, in partnership with Bloosurf, LLC (Bloosurf) proposes to provide wireless internet service to the areas of Oldtown Road and Middleneck road and the surrounding households in the unincorporated community of Warwick. The match will be provided by the County and Bloosurf. Bloosurf will own the constructed facilities and will be responsible for all ongoing operating and maintenance costs relating to the network. The total capital construction cost for the project is $124,000.

Bloosurf currently provides service to the southern eastern shore and parts of Delaware. This project will make broadband service available to 89 households and one business. The network will be wireless Utilize CBRS unlicensed frequencies. New customers will be offered the same services and packages as is offered to their existing subscribers.
8. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)
Broadband Pilot Funding Program

Background (cont’d):

Cecil County (cont’d)

The second and third projects are in partnership with Comcast of Maryland, LP (Comcast). Comcast is the predominant ISP in Cecil County. These projects propose to extend the existing Comcast network to serve the unserved households in the Spring Hill Lane and Evergreen Lane areas and Elk Neck Peninsula area of the county. The match will be provided by the County and Comcast. Comcast will own the constructed facilities and be responsible for all ongoing operating and maintenance costs related to the network. The total capital construction cost for the Spring Hill Lane and Evergreen Lane project is $64,515. The total capital construction cost for the Elk Neck Peninsula project is $275,834.

The extension of their network to the Spring Hill Lane and Evergreen Lane areas will make broadband service available to an additional 28 rural households while the Elk Neck Peninsula project will make broadband service available to an additional 33 households. The technology to be used is DOCSIS 3.1 that utilizes a Hybrid Fiber Coax (HFC) network where fiber optic cable is extended to a neighborhood network point and coax cable is then extended to the final subscriber. Comcast will offer the full suite of its state-of-the art products and services, including Xfinity Internet service to all premises incorporated in the project. Per the application, the minimum speed to be provided to the subscriber is 100 megabit per second with speeds up to 2 gigabit per second being available. Comcast offers Internet Essentials that provides low-cost Internet service, the option to purchase an Internet-ready computer, and access to free digital literacy training online.

The fourth project is in partnership with Armstrong Utilities, Inc. (Armstrong). Armstrong currently provides service to the northern portion of Cecil County. The projects proposed will extend the existing Armstrong network to service the unserved households in the Telegraph Road and the Gallaher Road area of the county. The match will be provided by the County. Armstrong will own the constructed facilities and be responsible for all ongoing operating and maintenance costs related to the network. The total capital construction cost for the project is $298,651.

The extension of their network to the Telegraph Road and Gallaher Road areas will make broadband service available to an additional 33 rural households, a church and the Fair Hill Natural Resources Management Area. The technology to be used is fiber to the premises (FTTP) network where fiber optic cable passes all properties within the funded area and is ultimately extended to all subscribers. Armstrong will offer all households and businesses their typical internet/voice service packages including discounts for low income qualified subscribers.
8. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)

Broadband Pilot Funding Program

Background (cont’d):

City of Crisfield

The City of Crisfield in partnership with the Maryland Broadband Cooperative, Inc. (MdBC) proposes to extend the existing MdBC network to enable service to the unserved households in the public housing facility on Somers Cove Street and Smith Island. In order for an area to receive broadband services, provisions for the new network to connect to the internet must be in place. The MdBC will construct a fiber optic network into this unserved, rural area and will connect to and utilize their existing network. The newly constructed infrastructure will be made available to their members for use in delivery of last mile broadband services in accordance with the MdBC normal operating policies. The match for this grant will be provided by the City through tower rent reductions and the last mile infrastructure to be constructed by the MdBC members. The MdBC will offer reduced rates for the use of the funded infrastructure. The MdBC will own the constructed facilities and be responsible for all ongoing operating and maintenance costs related to the network. The total capital construction cost for the project is $79,960.

MdBC will construct an extension of their existing fiber optic network to the base of an existing water tower near the Somers Cove Marina in Crisfield. One or more ISP members of the MdBC will place equipment on the tower and utilize wireless technology, offer service to the unserved households. The ISP will utilize the constructed network for signal backhaul and internet interconnection.

Dorchester County

Dorchester County in partnership with Bay Country Communications, Inc. (Bay Country) proposes to extend the existing Bay Country network to serve the unserved households in the Neck District of the County along Hudson Road from Horn Point Road to Morris Neck Road. The match will be provided by Bay Country. Bay Country will own the constructed facilities and be responsible for all ongoing operating and maintenance costs related to the network. The total capital construction cost for the project is $389,052.

Bay Country currently provides service to other parts of Dorchester County. The extension of their network resulting from this project will make broadband service available to an additional 34 rural households and six businesses. The technology to be used is fiber to the premises (FTTP) network where fiber optic cable passes all properties within the funded area and is ultimately extended to all subscribers. Bay Country will offer all households and businesses their typical internet/voice service packages.
8. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)
   Broadband Pilot Funding Program

Background (cont’d):

Garrett County

Garrett County is proposing three projects. The first, in partnership with Declaration Networks Group, Inc. (DNG) proposes to extend the existing DNG network to provide wireless internet service to six areas of the county, Yough Mountain Resort, Timbers on the Yough, King Wildesen and LeMoyne King Road, Bethlehem Road, Steyer Mine Road and White Church Steyer Road. In order to enable broadband availability to as many unserved households as possible, the County, the Office and DHCD negotiated a lower required match for this project, 38.04% of the capital construction costs. The match will be provided by the County and DNG. DNG will own the constructed facilities and will be responsible for all ongoing operating and maintenance costs relating to the network. The total capital construction cost for the project is $350,000.

DNG currently provides service in other locations in the county and has received grants and loans from the Federal Government for construction in those areas. This project will make broadband service available to an additional 195 rural households. The network will be wireless Utilize TV Whitespace and other unlicensed frequencies. New customers will be offered the same services and packages as is offered to their existing subscribers.

The second project in partnership with Mountain Communications, d.b.a. ProCom (ProCom) proposes to extend the existing ProCom network to serve the unserved households in the Fingerboard Road area of the county. In order to enable broadband availability to as many unserved households as possible, the County, the Office and DHCD negotiated a lower required match for this project, 37.57% of the capital construction costs. The match will be provided by the County and ProCom. ProCom will own the constructed facilities and will be responsible for all ongoing operating and maintenance costs relating to the network. The total capital construction cost for the project is $384,657.

ProCom currently provides service to other parts of southern Garrett County. The extension of their network resulting from this project will make broadband service available to an additional 102 rural households and six businesses. The technology to be used is fiber to the premises (FTTP) network where fiber optic cable passes all properties within the funded area and is ultimately extended to all subscribers. Mountain Communications offers several Internet speed packages ranging from 25Mbps to 1GB, with the basic package offered being 25Mbps download and 25 Mbps up upload speeds.
8. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT** (cont’d)

_Broadband Pilot Funding Program_

**Background (cont’d):**

**Garrett County (cont’d)**

The third project in partnership with QCOL, Inc. (QCOL) proposed to extend the existing QCOL network to serve the unserved households in the Squire Fike Rd, Blue Goose Rd, Myers Rd, Buffalo Run Rd, Good Hope Rd, New Gravel Hill Rd, Gosling Lane, Green Gables Rd, Blooming Rose Rd and Old Morgantown Rd W areas of the county. In order to enable broadband availability to as many unserved households as possible, the County, the Office and DHCD negotiated a lower required match for this project, 38.57% of the capital construction costs. The match will be provided by the County and QCOL. QCOL will own the constructed facilities and will be responsible for all ongoing operating and maintenance costs relating to the network. The total capital construction cost for the project is $403,399.55.

QCOL is a regional broadband provider with a fiber optic network serving portions of northwestern Garrett County, Fayette County, PA and Preston County WV. The project will make broadband service available to 137 households, 25 farm businesses. The technology to be used is fiber to the premises (FTTP) network where fiber optic cable passes all properties within the funded area and is ultimately extended to all subscribers. The network will be capable of providing speeds of up to 1 gigabit per second, although other tiers will be available. QCOL will offer all households and businesses their typical internet/voice service packages.

**Kent County**

Kent County is proposing seven projects. Kent County in partnership with ThinkBig Networks, LLC (ThinkBig) proposes to extend the existing ThinkBig network to serve the unserved households in the county. In order to enable broadband availability to as many unserved households as possible, the County, the Office and DHCD negotiated a lower required match for this project as shown on the below table. The match will be provided by the County and ThinkBig. ThinkBig will own the constructed facilities and will be responsible for all ongoing operating and maintenance costs relating to the network.
8. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT** (cont’d)

*Broadband Pilot Funding Program*

**Background (cont’d):**

**Kent County (cont’d)**

The project area, number of households to have broadband service available as a result of the expansion, match as a percentage of capital construction cost and the total project costs are as follows:

</tbody>
</table>

ThinkBig currently offers broadband service to areas of Kent County via an existing fiber optic network. The technology to be used is fiber to the premises (FTTP) network where fiber optic cable passes all properties within the funded area and is ultimately extended to all subscribers. The network will provide speeds of up to 1 gigabit per second, although other service tiers will be available. ThinkBig will offer all households and businesses their typical internet/voice service packages including reduced cost packages for low income qualified subscribers at a minimum speed of 25 megabit per second download and 3 megabit per second upload.

**St. Mary’s County:**

St. Mary’s County in partnership with Atlantic Broadband, a subsidiary of Cogeco Communications. Inc. (ABB) proposes to extend the existing ABB network to serve the unserved households in the Cherry Field Road and Friendship School Road area of the County. The match will be provided by the County and ABB. ABB will own the constructed facilities and be responsible for all ongoing operating and maintenance costs related to the network. The total capital construction cost for the project is $400,000.
8. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)

Broadband Pilot Funding Program

St. Mary’s County (cont’d):

ABB currently provides service to much of St. Mary’s County. The extension of their network resulting from this project will make broadband service available to an additional 56 rural households. The technology to be used is DOCSIS 3.1 that utilizes a Hybrid Fiber Coax (HFC) network where fiber optic cable is extended to a neighborhood network point and coax cable is then extended to the final subscriber. ABB will offer all households their typical internet/voice/video service packages with broadband speeds of up to 1 gigabit per second.
9. **MARYLAND ENVIRONMENTAL SERVICE**  
*Rocky Gap State Park*

*Construction Contract:* Sanitary Sewer Improvements.  
MES Project # 1-20-2-18-5

*Description:* Rehabilitation of the sanitary sewer system.

*Procurement:* Competitive sealed bid

*Bids:*  
- Insituform Technologies, Chesterfield, MO $457,689.00  
- Standard Pipe Services, Newark, DE $472,991.00  
- AM-Liner, INC., Berryville, VA $612,784.90  
- Pleasants Construction, Inc., Clarksburg, MD $834,485.00

*Award:*  
Insituform Technologies

*Amount:* $457,689.00

*Term:* 180 Days

*MBE Participation:* 57.29%

*Remarks:* The sanitary sewer system at Rocky Gap State Park is in poor condition. A tremendous amount of infiltration and inflow (I&I) occurs during wet weather events. This additional flow puts a burden on the pump stations and wastewater treatment plant and has the potential to result in a raw sewage overflow. This project includes relining and point repairs of multiple manholes and sewer segments, which should reduce the I&I.

*Fund Source:* MCCBL of 2020

*Appropriation Codes:* 004 MCCBL 20 (PCA# 12083)

*Resident Business:* No

*Tax Compliance No.:* 20-1250-1110

10. MILITARY DEPARTMENT

VCAF Loans

Recommendation: The Adjutant General of Maryland recommends that the Board of Public Works authorizes the following loans up to the total amount of $1,599,695 from the Volunteer Company Assistance Fund.

Authority: Sections 8-203 – 8-204, Public Safety Article, Annotated Code of Maryland.

Background: The Maryland State Firemen’s Association has approved the requests of the following volunteer fire companies and certifies that its recommendations comply with the requirements of the Volunteer Company Assistance Fund as set forth in the Public Safety Article. The Association and the volunteer companies have entered into agreements that the loans will be used as represented and that give the State appropriate and adequate security in the equipment purchased. The Military Department verifies that the funds are available in the Volunteer Company Assistance Fund.

11. **MORGAN STATE UNIVERSITY**  
   **Student Services Building**  
   **Capital Equipment**

**Contract ID:** Mid-Atlantic Purchasing Team Contract #2015-42

**Recommendation:** That the Board of Public Works approve the expenditure of general obligation bond proceeds for $417,812 to purchase capital equipment for the new Student Services Building from Douron, Inc.

**Project:** Morgan State University’s Student Services Building is located at the center of Hillen Road and Cold Spring Lane. The building will support the University’s programs, services, and activities related to student services such as enrollment management, financial aid, bursar, registrar, recruitment, career development, to name a few. The project is striving to exceed the minimum LEED Silver certification.

**Amount:** $417,812

**Award:** Douron, Inc., Owings Mills, MD

**Fund Source:** MCCBL 2018 Item #276: Provide funds to continue design and begin construction of a new Student Services Building to house student service functions, provided that notwithstanding Section 6 of this Act, work may remain on this project before the appropriation of all funds necessary to complete the project. $417,812

**Background:** This furniture purchase will be procured through the Mid-Atlantic Purchasing Team Contract #2015-42 with Douron. This price includes furniture approved by the Department of Budget and Management for capital purchase listed on the Form G Approval, dated August 17, 2018. This amount is within the University’s funding limitations for the total projected capital budget. The items listed above have been approved to be waived by Maryland Correctional Enterprises.

**MBE Goal:** No MBE goal was established for this work since it is a single-use system.

**Resident Business:** Yes

**Tax Clearance:** 20-1220-1110

12. **MARYLAND STADIUM AUTHORITY**  
*Baltimore City Public Schools*  
*James Mosher Elementary School*  
Guaranteed Maximum Price #2

**Contract ID:** BCS-02-011-GMP

**Recommendation:** Award Dustin Construction a Guaranteed Maximum Price (GMP) #2 contract in the amount of $22,508,955.60

**Contractor:** Dustin Construction, Inc, Ijamsville, MD

**Prior Approvals:**  
- January 23, 2019 (Secretary’s Agenda Item 11)  
- April 1, 2020 (Secretary’s Agenda Item 24)

**Project:** The James Mosher project is a 77,000+/- sq ft renovation/addition located at 2400 Mosher Street, Baltimore, Maryland 21216.

Recommendation to award Dustin Construction (CM) a GMP #2 contract in the amount of $22,508,955.60 for the renovation/addition of the above referenced project. Construction costs of $21.17 million and contingencies of $1.33 million are included in the recommendation to award. This GMP entails the remaining comprehensive trade packages for construction of the project. As identified in the prior recommendations, MSA outlined the intent to return with a recommendation to award construction services if pre-construction performance is satisfactory and an acceptable Bid Package is negotiated.

**Bid Package Description:** Comprehensive trade package GMP for project construction

**Bid Package #2 Amount**  
$22,508,955.60 (This Item)

**Bid Package #1 Amount:**  
$3,630,204.71

**Pre-Construction Amount:**  
$169,007.00

**Revised Amount:**  
$26,308,167.31

12. **MARYLAND STADIUM AUTHORITY** *(cont’d)*

*Baltimore City Public Schools*

*James Mosher Elementary School*

*Guaranteed Maximum Price (GMP) #2*

**Remarks:**

Construction packages were advertised and documents were issued by the CM for trade contractor participation on March 5, 2020 in the following publications: eMaryland Marketplace, MSA’s website, the CM’s website, Dodge Global Network, iSqFt, the 21st Century Schools’ website, as well as directly solicited to numerous trade contractors.

MSA and the CM conducted pre-bid and site visit meetings at the project site, and all attendees were provided with summary project information and afforded the opportunity to tour the project site. The CM began preparing the trade market well ahead of the bid advertisement, attending numerous outreach events in beginning in fall 2019 through early 2020. All were attended by numerous trade contractors as well as the Mayor’s Office of Employment Development (“MOED”), MSA, and other representatives and agencies involved with contracting, MBE participation, and local hiring opportunities.

On February 15th and 24th, 2020 competitive, sealed trade contractor bids were received and opened at the CM’s offices. The post-bid scope review meetings were then conducted at the CM’s offices. The CM solicited 173 firms and received 48 bids for the 23 packages advertised.

Efforts to maximize Maryland's commitment to protecting the environment and incorporating green building standards to reduce the effects on climate change resulted in the project attaining 30% water use reduction and 34% energy savings by using efficient MEP systems, fixtures, and equipment. Additionally, overall construction waste is being reduced 75% through adaptive and efficient building reuse.

Original Approval: December 4, 2019 (DGS OSP Agenda Item 23-IT)

Original Award: Advance Metrics, LLC

Corrected Award: Advance Management Services dba Advance Metrics, LLC

Original Approp. Code: F0304

Corrected Approp. Code: M00F0304
15. **DEPARTMENT OF GENERAL SERVICES**

**Record Correction**

**Recommendation:** That the Board of Public Works accept the following correction to the record in which the ADPICS number and Fund Source were incorrectly reported and the Requesting Agency Remarks contained incomplete information.

**Original Approval:** January 8, 2020 (DGS OSP Agenda Item 83-S)

**Contract:** Maryland Department of Transportation, State Highway Administration

**Contract ID:** OA-2018, Audit & Investigation Services

**Approved ADPICS No.:** J20R8400008  
**Corrected ADPICS No.:** J02B0600090

**Approved Fund Source:** 100% Special  
**Corrected Fund Source:** 100% Special (Transportation Trust Fund)

**Corrected Requesting Agency Remarks:** [4th paragraph should read as follows:]

SC&H Group, Inc. was ranked overall #1 with the highest ranked technical proposal and the second lowest BAFO. The BAFO was based on an annual average hourly rate for all labor categories for proposed personnel for the five-year ... contract. The Financial Proposal amount is based on the estimated hours for each labor category for all five years. The individual labor rates for some categories were higher and had higher estimated hours; therefore, the overall estimate was higher for the recommended offeror. However, the total contract amount is not to exceed $3,650,000 over the life of the contract. As this is a task-order based contract, there is no guarantee that all contract authority will be used. Technical factors were given higher ranking than financial factors as the ability to provide the services correctly and accurately was considered a higher priority. Therefore, based on the technical evaluation, interviews, financial BAFO, and applying a best value approach and most advantageous solution to MDOT SHA and the State, MDOT SHA recommends award to SC&H Group Inc.
A1. DEPARTMENT PUBLIC SAFETY AND CORRECTIONAL SERVICES
Office of Inmate Health Services

A1. DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES
   Office of Inmate Health Services (cont’d)

Remarks:

Nature of Emergency – COVID-19: As a result of the COVID-19 pandemic, additional medical services and safety measures must be taken for all inmates’ medical needs. In response to the COVID-19 emergency, the Department has determined additional medical services and comprehensive measures are required to ensure the safety and wellbeing of the inmates, medical staff of DPSCS and the Contractor, and all directly impacted DPSCS employees. These additional services will incur costs of $3,224,497.80 per month – a 30% increase to the current monthly fee – for a 6-month period (March 16 – September 15, 2020), and optionally for an additional period from September 16, 2020 through December 15, 2020, should Maryland’s declaration of emergency still exist beyond the initial six-month period.

In accordance with the terms of the contract, the contractor is responsible for providing all emergency medical care services to the inmate population. However, the contractor could not anticipate nor foresee the operational and financial impact the COVID-19 pandemic would have on providing comprehensive medical care services to the inmate population. Based on the COVID-19 emergency, the Department has determined that additional safety measures and medical services are required in order to ensure the safety and wellbeing of the Department’s inmate population.

The additional safety measures and medical services include, but are not limited to, additional staffing, overtime, personal protective equipment, and other medical supplies such as testing kits, masks, no-touch thermometers, etc. Although normal medical operations continue, the burn rates are higher than anticipated. This is due to enhanced services necessary to combat COVID and suspected COVID-19 inmates, as well as, increased costs associated with the current marketplace. The Department was fortunate to lock in this rate early.

Additionally, the Department will be seeking federal reimbursement under the Coronavirus Emergency Supplemental Funding program. This program provides reimbursement for protective medical equipment and addressing the inmate medical needs in state and local prisons, jails and detention centers.

A2. MARYLAND DEPARTMENT OF HEALTH (cont’d)
Maryland Medical Cannabis Commission
Ownership Control Evaluation

Remarks:

Nature of Emergency: Numerous concerns and allegations have been raised to the Commission, both from private citizens and public officials, about the accuracy of statements made regarding material aspects of the highest-ranking applications of grower and processor licenses. If there has been any misrepresentation, untruth or fraud in this application process, the Commission intends to find it now, before voting to award pre-approvals. Therefore, on September 26, 2019 the Commission announced it would delay the award of pre-approvals for new grower and processor licenses in order to complete a fuller investigation into the accuracy of statements made by applicants with regard to ownership of the applicant entities.

Pursuant to COMAR 21.05.06.02, this was a sudden and unexpected occurrence which the Commission's management could not reasonably foresee and it required prompt action to avoid or mitigate serious damage to public welfare. The Commission was statutorily required [Health-General Article, 13-3305.2(b) and Section 8 of the Chapter 596 of the Laws of 2018] to adopt emergency regulations to develop, solicit, and evaluate medical cannabis grower and processor applications. The legislation was passed by a three-fifths majority of all the members elected to each of the two Houses of the General Assembly and enacted as an "emergency measure . . . necessary for the immediate preservation of the public health or safety." The application process cannot be completed until the veracity of the materials underlying the decision-making process is investigated and while the process remains pending, applicants are continuing to incur significant expenses associated with their applications. Additionally, the public has been confronted with allegations and suspicions and prompt action is necessary to restore the public's trust in the process. Moreover, the Maryland medical cannabis program is currently facing a shortage of medical cannabis and medical cannabis products. As of October 21, 2019, there are nearly 90,000 patients who rely on medical cannabis to treat a wide-range of severe and chronic health conditions and diseases. As stipulated in COMAR 21.05.06.02.B., the emergency procurement is necessary to avoid serious damage to public health, safety, and welfare of Maryland residents that may result from their inability to access medical cannabis to treat severe conditions and diseases. The additional licensees are needed as quickly as possible to cultivate and manufacture medical cannabis and medical cannabis products to address the growing need for medicinal cannabis throughout the State.

In order to address the issues, the MMCC sought the services of an investigator, auditor, or licensed attorney with significant experience conducting comprehensive evaluations of business entities, including elements of ownership and control. Experience with requirements for federal DBEs or State of Maryland MBEs is preferred. Verity, LLC will evaluate the ownership and corporate
A2. **MARYLAND DEPARTMENT OF HEALTH** (cont’d)

**Remarks (cont’d):**

structures of certain applicant entities to determine (1) whether the ownership and corporate structure of certain applicants show “real, substantial, and continuing” ownership participation by disadvantaged equity applicants and (2) whether ownership of applicant entities is consistent with representations made to the MMCC regarding same. The MMCC needs to receive these services before it can proceed in the application evaluation process and so the services are needed immediately.

**Basis for Selection:** The Commission published a request for proposals on eMaryland Marketplace Advantage and received both technical and financial proposals from three (3) offerors. After reviewing the technical proposals, one of the offerors was deemed not reasonably susceptible for award, and their financial proposal was not opened. Verity, LLC was ranked first in the technical and financial evaluations.

**Reason for Late Report:** The MMCC regrets the late reporting to BPW which was due to administrative issues associated with transition to teleworking, staffing and limited access to State office.

Independent Investigation

Remarks:

Nature of Emergency: Numerous concerns and allegations have been raised to the Commission, both from private citizens and public officials, about the accuracy of statements made regarding material aspects of the highest-ranking applications. If there has been any misrepresentation, untruth or fraud in this application process, the Commission intends to find it now, before voting to award pre-approvals. Therefore, on September 26, 2019 the Commission announced it would delay the award of pre-approvals for new grower and processor licenses in order to complete a fuller investigation into the accuracy of statements made by applicants with regard to ownership of the applicant entities.

Pursuant to COMAR 21.05.06.02, this was a sudden and unexpected occurrence which the Commission's management could not reasonably foresee and it requires prompt action to avoid or mitigate serious damage to public welfare. The Commission was statutorily required (Health-General Article, 13-3305.2(b) and Section 8 of the Chapter 596 of the Laws of 2018) to adopt emergency regulations to develop, solicit, and evaluate medical cannabis grower and processor applications. The legislation was passed by a three-fifths majority of all the members elected to each of the two Houses of the General Assembly and enacted as an "emergency measure... necessary for the immediate preservation of the public health or safety." The application process cannot be completed until the veracity of the materials underlying the decision-making process is investigated and while the process remains pending, applicants are continuing to incur significant expenses associated with their applications. Additionally, the public has been confronted with allegations and suspicions and prompt action is necessary to restore the public's trust in the process. Moreover, the Maryland medical cannabis program is currently facing a shortage of medical cannabis and medical cannabis products. As of October 21, 2019, there are nearly 90,000 patients who rely on medical cannabis to treat a wide-range of severe and chronic health conditions and diseases. As stipulated in COMAR 21.05.06.02.B., the emergency procurement is necessary to avoid serious damage to public health, safety, and welfare of Maryland residents that may result from their inability to access medical cannabis to treat severe conditions and diseases. The additional licensees are needed as quickly as possible to cultivate and manufacture medical cannabis and medical cannabis products to address the growing need for medicinal cannabis throughout the State.

In order to address the issues, the MMCC is seeking the services of an investigator, auditor, or licensed attorney with significant experience conducting comprehensive internal investigations to investigate the integrity of the process undertaken by MSU and the Commission.
A3. **MARYLAND DEPARTMENT OF HEALTH** (cont’d)

*Maryland Medical Cannabis Commission*

*Independent Investigation*

**Remarks (cont’d):**

Zuckerman Spaeder, LLP will investigate whether the process was completed according to the MMCC’s agreement with Morgan State University, whether the process was unbiased and merit-based, and whether the process was subject to any undue influence.

**Basis for Selection:** The Commission published a request for proposal on eMaryland Marketplace Advantage. Under the RFP, technical factors were accorded greater weight than financial factors in determining the proposal to be the most advantageous to the State. The Commission received both technical and financial proposals from three (3) offerors. After reviewing the technical proposals, one of the offerors was deemed not reasonably susceptible for award, and their financial proposal was not opened. Zuckerman Spaeder, LLP, a national law firm with offices in four states including a thirteen-lawyer office Maryland, was ranked first in the technical and second in financial evaluations. The Gray Law Group, a three-lawyer firm primarily active in New Jersey and New York with none of its lawyers admitted in Maryland, was ranked second in technical and first in financial evaluations. The financial difference between the offerors was substantial: $303,075 versus $80,300. However, Zuckerman has vast technical superiority and specialized experience in conducting precisely the type of investigation called for under the RFP. They have decades of experience leading investigations on behalf of the State and local agencies in Maryland. Their proposal demonstrates a clear and accurate understanding of the scope of the project and its deliverables, and the time-sensitive nature of the investigation. By comparison, the Commission had significant concerns about the Gray Law Group’s proposal and the experience of the firm to perform the sensitive activities in a timely and adequate manner. Given that technical factors are weighted greater than financial, the Commission determined that the Zuckerman proposal is the most advantageous to the State.

**Reason for Late Report:** The MMCC regrets the late reporting to BPW which was due to administrative issues associated with transition to teleworking, staffing and limited access to State office.

*The Secretary’s Office (TSO)*

**Contract ID:** DocuSign Enterprise Pro Software 100 Licenses  
ADPICS No. P1006799

**Contract Type:** Information Technology

**Description:** Purchase of 100 DocuSign Enterprise software and support licenses to allow MDOT employees to digitally sign documents via an online portal.

**Procurement Method:** Emergency

**Emergency Declared:** March 5, 2020

**Award:** Software Information Resource Corp. (SIRC)  
Washington, DC

**Award Date:** March 13, 2020

**Contract Amount:** $113,183.23

**Term:** 3/13/20 – 3/12/21

**MBE Participation:** 0% (single element of work)

**Fund Source:** 100% Special Funds (Transportation Trust Fund)

**Remarks:**

*Nature of Emergency – COVID-19:* In order to contain the spread of COVID-19 on March 12, 2020 Governor Larry Hogan issued a directive following consultation with public health experts to move the State to an “Elevated Level II” operational status, per the protocols contained in The Department of Budget & Management’s (DBM) Pandemic Flu and Other Infectious Diseases Attendance and Leave Policy. Under this “Elevated Level II” status, DBM imposed a period of mandatory telework across state agencies for all non-essential state employees who can perform their duties from home in order to help contain the spread of the virus, effective Friday, March 13, 2020.
A4. DEPARTMENT OF TRANSPORTATION (cont’d)

The Secretary’s Office (TSO)

Agency Remarks (cont’d):

At the time of the issuance of the directive, it was determined that not all non-essential MDOT personnel working from home would not have access to printers, scanners or other means to sign a document and scan to a recipient while working remotely.

Standard procurement procedures would have taken MDOT TSO more than four months to complete and required the approval from the Department of Information Technology, the office of State Procurement and the Board of Public Works approval. Therefore, MDOT TSO determined that it was necessary to issue an emergency contract to SIRC due to the unknown length of the elevated status. MDOT needed to be prepared to have employees perform normal job duties for an extended period of time until the Governor, DBM, and public health experts determine that it is safe to return to a lower level status. It is essential that any employee asked to work from home during COVID-19 have access to digital signatures to prevent a lapse in services critical to the Maryland Department of Transportation’s day to day functions that could pose serious risk of harm to public health, safety and welfare to people and property of the State of Maryland.

Basis for Selection: MDOT directly solicited two firms; August Schell Enterprises and SIRC to acquire 100 DocuSign Licenses in order for employees to be able to work remotely from home and provide digital signatures for various documents without causing serious disruption for MDOT’s day to day business. August Schell Enterprises did not respond to the request.

Under this “Elevated Level II” status, DBM imposed a period of mandatory telework across state agencies for all non-essential state employees who can perform their duties from home in order to help contain the spread of the virus, effective Friday, March 13, 2020.
A5. DEPARTMENT OF TRANSPORTATION (cont’d)
The Secretary’s Office (TSO)

Remarks (cont’d):

At the time of the issuance of the directive, MDOT did not have enough tablets for all non-essential personnel to work remotely (MDOT was looking for 100 tablets). After an initial purchase of 31 tablets from another vendor, MDOT received word that Daly Computers had a new shipment of tablets. Therefore, MDOT directly solicited Daly Computers for 50 additional tablets in order for all non-essential personnel to be able to work remotely from home without causing serious disruption to MDOT’s day to day operations.

Standard procurement procedures would have taken MDOT TSO four months to complete and would have required the Department of Information Technology’s approval. Therefore, MDOT TSO determined that it was necessary to issue an emergency contract to Daly Computers due to the unknown length of the elevated status. MDOT needed to be prepared to have employees perform normal job duties for an extended period of time until the Governor, DBM, and public health experts determine that it is safe to return to a lower level status. It is essential that any employee asked to work from home during COVID-19 have a device to prevent a lapse in services critical to the Maryland Department of Transportation’s day to day functions that could pose serious risk of harm to public health, safety and welfare to people and property of the State of Maryland.

Basis for Selection: Based on research at the immediate time, Daly Computers was the only firm that had tablets in stock and able to be delivered to MDOT shortly after purchase.

their duties from home in order to help contain the spread of the virus, effective Friday, March
A7.  DEPARTMENT OF TRANSPORTATION (cont’d)
   The Secretary’s Office (TSO)

Agency Remarks (cont’d):
In preparation to accommodate the sudden demand of mandatory telework for all non-essential employees, MDOT IT management conducted a teleworking stress test on Wednesday, March 11th. One of the devices monitored was the Pulse Secure VPN appliance, which had a concurrent user limit of 1,000. The results of this test, which was a much smaller number of remote users than the entire enterprise, revealed a significant increase of users that relied on the VPN portal in place of their standard ethernet connection from their office. In order to meet the needs of Enterprise-Wide teleworking, a decision was made to increase the concurrent user sessions from 1,000 to 5,000. Therefore, MDOT directly solicited Data Networks of America to acquire the additional licenses to help with the transition of all non-essential employees to mandatory telework without causing serious disruption for MDOT’s day to day operations.

Standard procurement procedures would have taken MDOT TSO more than four months to complete and would have required the approval from the Department of Information Technology, the Office of State Procurement and the Board of Public Works approval. Therefore, MDOT TSO determined that it was necessary to issue an emergency contract to Data Networks of America due to the impending mandatory telework and unknown length of the elevated status. MDOT needed to be prepared to have employees perform normal job duties for an extended period of time until the Governor, DBM, and public health experts determine that it is safe to return to a lower level status. It is essential that any employee asked to work from home during COVID-19 have access to the Network, Email, Databases, SharePoint etc. to prevent a lapse in services critical to the Maryland Department of Transportation’s day to day functions that could pose serious risk of harm to public health, safety and welfare to people and property of the State of Maryland.

Basis for Selection:  MDOT currently contracts with Data Networks of America for Pulse Secure VPN Portal licenses.

A8.  MARYLAND INSTITUTE FOR EMERGENCY MEDICAL SERVICES SYSTEMS (cont’d)

MIEMSS

Remarks:

Nature of Emergency – COVID-19: On March 30, 2020 a request was made to Maryland Institute for Emergency Medical Services Systems (MIEMSS) to assist in the transport of an estimated twenty patients from the Pleasant View Nursing Home in Mount Airy, MD. Within twenty-four hours it became apparent that the need for a 24/7 Ambulance Strike Team was critical. The imminent need to address the COVID-19 public safety issue left MIEMSS no choice than to conduct an emergency procurement. MIEMSS established a contract with Procare Ambulance of Maryland to provide an ambulance strike team services on an emergency basis. Within six days, Procare Ambulance of Maryland was under contract and transporting patients.

This contract provides for one advanced life support ambulance strike team which shall be available for immediate response 24-hours a day, 7 days a week during the period of this contract as directed by MIEMSS. The strike team shall consist of five Advanced Life Support ambulances each staffed with a Basic Life Support (BLS) driver together with an ALS clinician and equipped with Advanced Life Support Equipment. The team shall also have one supervisor with a response vehicle. The services include but are not limited to:

- Supporting Jurisdictional EMS Operational Programs when they are overwhelmed by high call volume, or when they lack adequate transport units due to staffing shortages;
- Transporting patients from nursing homes and other facilities when spikes in the number of COVID19 patients occur;
- Moving patients to and from alternate care facilities;
- Assisting with movement of critical scarce resources; and
- Augmenting staffing in alternate care sites and other facilities when not committed to transporting patients.

Basis for Selection: Four commercial ambulance companies were solicited, including Procare Ambulance of Maryland, Lifestar, Butler and Pulse, and Hart to Heart. Procare Ambulance of Maryland was the only qualified commercial ambulance company available at the time.

5A. **PROGRAM OPEN SPACE STATE SHARE**
   **Somerset County (Bluebill, LLC)**

**Recommendation:** That the Board of Public Works approve the acquisition.

**Description:** These parcels are adjacent to Chesapeake Forest Lands and will be managed by the Maryland Forest Service as working forest lands to produce sustainable forest products and provide for outdoor recreational opportunities, helping to maintain the local resource-based economy. The property contains early successional habitat that is ideal for small game species and songbirds. Acquisition will increase recreational hunting opportunities, improve boundary line management and access, and contribute to the protection of Back Creek, a tributary to the Manokin River.

**POS Scoring System:** 82 out of 100  
**Targeted Ecological Area:** Yes

**Grantor:** Bluebill, LLC

**Grantee:** The State of Maryland to the use of the Department of Natural Resources

**Property:** 23.04 +/- acres, unimproved, POS No. 5555

**Price:** $30,000

**Appraisals:** $30,000 (7/27/19) – David E. Cadell  
$30,000 (8/2/19) – William R. McCain

Source Code: 18010  $30,000
6A. **PROGRAM OPEN SPACE STATE SHARE**  
*St. Mary’s County (Hewitt)*

**Recommendation:** That the Board of Public Works approve the acquisition of a conservation easement.

**Description:** This mostly forested property includes a mile and a half stretch of Mill Creek, a tributary to the Patuxent River that includes wetland and aquatic habitats of two state-listed endangered plant species. Acquisition of an easement will protect water quality in the Patuxent River Lower Watershed, enable wetland restoration, reduce sedimentation in Mill Creek, and protect a large contiguous block of forest that provides habitat for forest interior dwelling species.

**POS Scoring System:** 72 out of 100  
**Targeted Ecological Area:** Yes

**Grantor:** Charles Lewis Hewitt, Joseph A. Rogers, Jr., Personal Representative of the Estate of Kathleen Rose Rogers, formerly known as Kathleen Rose Hewitt, Michael L. Hewitt as Trustee of the Michael L. Hewitt Revocable Trust dated June 16, 1996, Alan Charles Hewitt, Adelle Marie Pierce, formerly known as Adelle Marie Hewitt, Dorothy Ann Hewitt, Lorraine Carol Ann Dooley, Daniel Thomas Hewitt, and Jennifer Lea Hewitt-Long by and through J. Ernest Bell, II, Trustee, pursuant to Order for Sale of Property and Appointment of Trustee dated and entered on March 30, 2016 in St. Mary’s County Circuit Court Case No. 18-C-12-001753

**Grantee:** The State of Maryland to the use of the Department of Natural Resources

**Property:** 75.96+/- acres, unimproved, POS No. 4596

**Price:** $650,000

**Appraisals:**
- $3,532,000 (10/9/18) – Thomas A. Weigand

7A. PROGRAM OPEN SPACE STATE SHARE
Conservation Easement Valuation System

Recommendation: That the Board of Public Works:

Approve the Department of Natural Resources establishing an easement valuation system that DNR will use to determine the value of permanent conservation easements acquired with Program Open Space (POS) Stateside funds.

Authority:
(1) DNR, with the approval of the Board of Public Works, may acquire real property. § 1-109(a), (c), Natural Resources Article, Annotated Code of Maryland.
(2) The Board may exempt DNR projects from §1-109 acquisition requirements. § 1-109(f), Natural Resources Article, Annotated Code of Maryland.

Explanation: This proposal will make POS Stateside acquisition valuations consistent with other DNR permanent easement programs, namely the Rural Legacy Program and the Conservation Reserve Enhancement Program (CREP). While each program may have a slightly different mission, they work together to achieve large landscape protection. This proposal is intended to align the valuation process for all DNR easement programs, providing a consistent, timely, and transparent process.

Background: The proposed easement valuation system for POS Stateside is a method using points to determine the value of a perpetual conservation easement. The system would function in a manner similar to the Rural Legacy easement valuation system and the CREP easement valuation system. The three differ in the assigned points that reflect each program’s differing mission and that the POS Stateside easement valuation system will be based on two independent appraisals of the fee simple value.

The beginning point for the POS Stateside easement valuation system would be the procurement of two independent appraisals (consistent with statute) to determine the fee simple value of the property. The resulting fee simple fair market value (FMV) would then provide the “anchor” for the EVS. DNR would start with 0% of the fee simple value and then – based on a percentage checklist – the value will be increased by specific easement features that reflect conservation values that the POS Stateside Conservation Easement is intended to achieve (and as reflected in each POS Stateside acquisition’s Scoresheet).
7A.  **PROGRAM OPEN SPACE STATE SHARE** (cont’d)  
*Conservation Easement Valuation System*

Easement Valuation System:  (cont’d)

Percentage points will be added for:
- Preservation of open space (number of development rights extinguished)
- Ecological value
- Amount of protected acreage
- Buffering and assisting DNR land management (if the property buffers existing DNR lands)
- Protection of Rare/Threatened/Endangered Species or Habitat
- Implementation of Best Management Practices to further conserve natural resources including forested stream buffers and Coastal Resiliency provisions
- Stream or Wetland Restoration if property is located in a degraded watershed
- Public access, including water access

The proposed final easement price will be capped and never exceed 75% of the FMV of the fee simple property.

**Board of Public Works:** DNR will present each proposed easement acquisition to the Board of Public Works for approval.

**Process:** All legal documents and title will be reviewed by the Office of the Attorney General in a manner consistent with Rural Legacy and CREP.

**Targeting:** DNR will continue to use the POS Scorecard to evaluate potential POS Stateside acquisitions which scores potential acquisitions on both ecological value and enhancing public access and recreational opportunities.

---

*This item was withdrawn from the May 6,2020 meeting (DNR Item 3A).*
8A. **RURAL LEGACY PROGRAM FUNDS**

*Cecil County*

**Recommendation:** Approval to grant $2,655,184.00 to the **Eastern Shore Land Conservancy** from Rural Legacy Funds to acquire a 441.19-acre conservation easement.

**Agricultural Security Corridor Harvest Crescent Rural Legacy Area – 314 Grove Neck Road, LLC**

**Prior Approval:** Rural Legacy Area Grant for easement acquisitions:
DNR-RP Item 13A (10/7/2017) $ 719,000 for FY 2018
DNR-RP Item 10A (8/22/2018) $1,490,000 for FY 2019
DNR-RP Item 3A (1/8/2020) $ 970,123 for FY 2020

**Project Description:** Acquisition of this conservation easement will protect 441.19-acres of tillable agricultural and forest land. The property includes approximately 9,000 linear feet of riparian buffers along McGill Creek and Back Creek in the Sassafras River watershed. Preserving this land from development provides additional resiliency to the effects of climate change on the Eastern Shore. This Rural Legacy easement, RL No. 5740, will be held jointly by the Department of Natural Resources, and the Eastern Shore Land Conservancy. The United States Department of the Army is paying $270,816.00 towards the easement acquisition cost and also paying the Incidental Costs.

**Easement Value:**

$2,800,000.00 ($6,346.47 per acre)

**Funding Sources:**

$2,529,184.00 DNR
$ 270,816.00 U.S. Dept. of the Army

**Total Other DNR Costs:**

Administrative: $ 84,000.00
Incidental: $ 0.00
Compliance: $ 42,000.00
Total: $126,000.00

New Residence Hall and Dining Facility Design Build Services
Bid Package 3 of 3

Contract ID: Design/Build services for the New Residence Hall and Replacement Dining Facility, Contract No. 51007

Recommendation: Award Construction Bid Package 3

Contractor: Holder Construction Company, Herndon, VA

Prior Approval: USM Item 3-C (2/21/2018) (Pre-Construction and Design Services)
USM Item 3-C-BP (6/19/2019) (Bid Package 1 of 3)
USM Item 2-C-BP (1/08/2020) (Bid Package 2 of 3)

Project: The New Residence Hall and Replacement Dining Facility at the University of Maryland College Park will be two multi-story residence halls providing 900 beds. The buildings will contain student lounges, laundry facilities, and building support systems. The dining facility will replace an undersized and outdated dining facility and will provide state-of-the-art food service and seating for about 1,200 students. The project includes related site and utility improvements, pedestrian walks, service areas, and parking.

The projected construction cost for this project is $155.6 million. The overall project estimate (design, construction, equipment) is $176 million.

Bid Package Description: This bid package consists of the remaining work (structure, skin, building systems, food service equipment, and interior finishes) associated with the Dining Facility.

This Bid Package Amount: $ 40,506, 925

Current Contract Amount: $124,766,410

Revised Contract Amount: $165,273,335

Funding: Various Institutional Funds/ System Funded Construction Program
2-C-BP. UNIVERSITY OF MARYLAND, COLLEGE PARK (cont’d)
New Residence Hall and Dining Facility Design Build Services
Bid Package 3 of 3

MBE Participation Goal: 30%
Subgoals: 7% African American
4% Asian American

MBE Compliance: 15.23%

Performance Security: Equal to contract amount

Requesting Institution Remarks: This Design-Build contract was initially awarded for pre-construction early in the design phase. As design progresses and design information becomes available, the contractor sequentially and competitively bids construction packages. This is the third and final bid package for work necessary to complete balance of the trade work for the Dining Facility.

Sustainability: The design of the project complies with the Maryland State High Performance Green Building Program and will achieve a LEED Silver rating. The project includes the following sustainable features: high efficiency HVAC system, energy efficient LED lighting, water-saving plumbing fixtures, low VOC emitting materials, reflective roofing, high R-value building envelope, and high-performance glazing.

3-GM. MARYLAND AVIATION ADMINISTRATION

General/Miscellaneous: Lease and Concession Contract

**Contract ID:** Lease and Concession Contract; *MAA-LC-21-004*

**Contractor:** Smarte Carte, Inc.
St. Paul, MN

**Contract Term:** 07/01/2020 – 06/30/2025

**Amount:** The contractor shall pay a concession fee of 5% of gross revenues received from the rental of self-service baggage carts to the travelling public. The contractor shall also pay the standard rental rate of $150.00 per square foot per year for 232 square feet of office space located in the BWI Thurgood Marshall Terminal Building.

**Requesting Agency Remarks:** The contractor is the leading provider of self-service baggage cart services world-wide and the only U.S.-based company offering this type of service. Since 2005, Smart Carte, Inc. has managed and operated the Airport’s self-service baggage cart concession 24 hours per day, 7 days per week to the traveling public throughout the Airport Terminal Building, both inside and outside. The contractor shall also provide baggage carts and service in the hourly parking garage and in the Consolidated Rental Car Facility. Smart Carte, Inc. shall charge no more than $6.00 per cart rental in approved passenger service areas. Military personnel shall not be charged for cart use. To expedite the turn-around of baggage carts for subsequent users, the contractor has installed “Return-Only” baggage cart racks in which customers returning carts to the rack receive a $0.25 rewards fee. The contractor’s current contract (MAA-LC-16-003; 16-GM 06/03/15) expires June 30, 2020.

Over the five-year term of this contract, the Maryland Department of Transportation Maryland Aviation Administration anticipates receiving approximately $283,072.00 in revenues.

This type of revenue-producing contract at a transportation facility is outside the scope of the State Procurement Law (State Finance and Procurement Article §11-202(3); COMAR 21.01.03.03.B(1)(d). However, the contract and any modifications must be approved by the Board of Public Works because the contract constitutes a use of State Property under State Finance and Procurement Article, §10-305.

Maintenance Contract

Contract ID: Radio and Communications Equipment Repair at Martin State (MTN) Airport; MAA-MC-21-013
ADPICS No.: MAAMC21013

Contract Description: This contract provides all necessary supervision, labor, test equipment, jigs, fixtures, tools, insurance, safety, security, and trained and experience personnel to ensure the proper operation of radios, aeronautical communication equipment, Automated Weather Observation System (AWOS) equipment, Automatic Terminal Information Services (ATIS) equipment, and similar or associated equipment, such as wiring and antennae’s, which are the property of the Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA) and are located at Martin State (MTN) Airport, in accordance with these specifications and Federal Aviation Administration (FAA) requirements and criteria governing such equipment including those requirements contained in FAR Part 171 and the Operations and Maintenance Manuals. The contractor must adhere to all FAA Regulations and Orders pertaining to any equipment listed in this contract. The contractor must have FAA verification authority and have the ability to provide technician on record services to MTN Airport.

Award: Communications Electronics, Inc.
Timonium, MD

Contract Term: 07/01/2020 – 06/30/2023 (with one- 2-year renewal option)

Amount: $ 214,608 (3 years)
$ 146,185 (2-year renewal option)
$ 360,793 (Aggregate Total, including one- 2-year option)

Procurement Method: Competitive Sealed Bidding (Single Bid Received)

Bids: Communications Electronics, Inc.
Timonium, MD $360,793

Living Wage Eligible: Yes

MBE Participation: 0% (Single Element of Work)

Performance Security: 100% Performance Bond

Incumbent: Communications Electronics, Inc.
4-M. MARYLAND AVIATION ADMINISTRATION (cont’d)

Requesting Agency Remarks: MDOT MAA advertised a procurement for Radio and Communication services in August 2019. MDOT MAA received two bids but had to reject one bid due to the bid bond being non-responsive, leaving MDOT MAA with one responsive bid from a responsible bidder that exceeded the MDOT MAA budget. MDOT MAA cancelled the procurement. To obtain more competition, the MDOT MAA re-advertised the request as two separate solicitations, this solicitation to provide repair, maintenance, and inspection of the weather-related communication equipment and a separate solicitation provide repair and maintenance of the ICOM radio communication equipment.

The solicitation was advertised on eMaryland Marketplace Advantage and on MDOT MAA’s Website. MDOT MAA sent four direct solicitations to companies known to be able to subcontract or provide FAA required record of technician duties. One bid was received by the due date and time.

MDOT MAA reached out to other potential bidders to inquire why no bid was submitted. No responses were received. Communications Electronics is the incumbent Contractor and has performed responsibly. In addition to market inflation and the responsibility of providing maintenance to antiquated systems, separating the solicitation into two separate procurements to increase competition garnered slightly higher fixed fees. MDOT MAA compared the pricing received for this solicitation with the pricing approved for the same services three years ago and discovered the pricing has only increased by $20,000 per year. The total contract cost of $214,608 is 7% higher than the estimated value. Therefore, MDOT MAA has determined the cost to be fair and reasonable.

Requesting Agency Remarks: This solicitation was published on October 29, 2019, on eMaryland Marketplace Advantage, which notified 1,049 firms, and MDOT MPA directly solicited 15 firms. A copy of the solicitation was also provided to the Governor’s Office of Small, Minority and Women Business Affairs and shared with the Maryland Minority Contractors Association and the Md. Washington Minority Companies Association. Four firms submitted proposals.
5-C. MARYLAND PORT ADMINISTRATION (cont’d)

Requesting Agency Remarks: (cont’d)

The scope of this contract includes on-call, as-needed repair and rehabilitation of existing underground electrical, water and sanitary sewer services; installation of piping, valves, hydrants, lift stations, manholes and vaults; demolition and removal of existing utility services; installation of new underground electrical, communications, sewer and water services; and associated maintenance of traffic demolition, earthwork, pavement and site restoration.

Joseph B. Fay Company offered a project team with extensive experience in heavy civil and mechanical projects and knowledge of MDOT MPA facilities. Joseph B. Fay Company owns a comprehensive array of equipment and its proposed electrical subcontractor exceeds the minimum experience requirements.

The financial ranking is based on evaluated prices derived from unit prices offered by offerors applied to a model of estimated quantities contained in the proposal form to allow for proper comparison among offerors. The solicitation provided that the contract value will be not-to-exceed $10,000,000 for three years. MDOT MPA will manage work orders issued under the contract to keep total payments under the contract within the approved contract value.

This award was approved by the Maryland Port Commission on May 7, 2020.

DBE Participation: 25%

Incumbents: Parsons Brinckerhoff, Inc./Rummel Klepper & Kahl, LLP (JV); Gannett Fleming, Inc./Johnson, Mirmiran & Thompson, Inc. (JV); Whitman, Requardt & Associates, LLP/STV Incorporate (JV); Century Engineering, Inc./Whitney, Bailey, Cox & Magnani, LLC/McCormick Taylor, Inc. (JV); The Wilson T. Ballard Company/Urban Engineers, Inc. (JV); Wallace, Montgomery & Associates, Inc./AECOM Technical Services, Inc. (JV); Stantec Consulting Services, Inc.

Requesting Agency Remarks: This solicitation was published on eMaryland Marketplace and in the Daily Record on January 10, 2019. A total of 260 firms were notified via eMaryland Marketplace of which 65 were certified DBEs. A total of 11 engineering consultant firms submitted technical proposals in response to the solicitation.

The contractors will perform architecture and engineering services for MDOT MTA’s Facilities Engineering, ADA and Sustainability Division, on an as-needed task order basis. This will include services related to design and construction for MARC Train, Light RailLink, Metro SubwayLink, CityLink (Bus), LocalLink (Bus), Bicycle, MobilityLink, local transit systems, and other transit related facilities.
Agency Remarks (cont’d):

These services may include the following types of tasks:

- civil engineering including utilities;
- architecture including interior design and historic preservation;
- structural, mechanical, plumbing, electrical, fire protection landscape and traffic engineering;
- mechanical and plumbing engineering;
- storm water management and erosion & sediment control;
- right-of-way plats and acquisition support;
- trackwork and railway engineering;
- Leadership in Energy and Environmental Design (LEED) analysis, sustainable strategies/ energy saving technology reviews;
- traffic studies;
- architecture, landscape architecture, and urban design;
- regional planning assistance;
- mapping and GIS technical support.
- accessibility and ADA;
- provide and implement Quality Control/Quality Assurance, Quality Management plan;
- asset management; and
- construction related services.

The DBE goal established for these contracts is 25%. The prospective awardees have committed to the DBE goal.

These contracts include a provision authorizing an extension for a total period no longer than one-third of the base term to spend funds remaining on the contracts as provided in Board Advisory 1995-1.

7-AE. MARYLAND TRANSIT ADMINISTRATION (cont’d)

Incumbents: AECOM Technical Services, Inc.; GL Communications, Inc.; STV Incorporated; Parsons Brinckerhoff, Inc./Integrated Strategic Resources, LLC (JV)

Requesting Agency Remarks: This solicitation was published on eMaryland Marketplace on January 31, 2019 and in the Daily Record on February 4, 2019. A total of 660 firms were notified via eMaryland Marketplace, of which 75 were certified DBEs. A total of five engineering consultant firms submitted technical proposals in response to the solicitation.

The contractors will perform architecture and engineering services for MDOT MTA’s System and Equipment Engineering Division on an as-needed task order basis. These services will provide a variety of projects to support MARC Train, Metro SubwayLink, Light RailLink, bus equipment and other agency-wide systems.

The consultants will provide services that consist of design, inspection, quality control, development & evaluation studies, communications system integration/interfaces, resident engineering support, construction management and other related engineering services.

These services may include the following types of tasks:

- design, evaluate and upgrade existing analog/digital radio, VHF, UHF and SHF systems;
- support MDOT MTA on existing as well as replacement communications systems projects for collection of real time data;
- integrate or interface MDOT MTA communications systems;
- provide inspection services for a variety of communications and security systems engineering contracts;
- conduct studies of radio frequency coverage and interface development;
- provide resident engineering services and miscellaneous communications and security systems engineering support;
- prepare designs and contract specifications/drawings for new equipment and product upgrades/fleet retrofits;
- provide computer networking communications support;
- conduct communications requirements analysis, evaluate existing or new system and develop systems integration;
- provide design services and technical support for CCTV and access control security systems;
- provide support for cable designs to include fiber optics;
- analyze existing cable or radio transmission for voice or data communications;
- provide design services and technical support for communications elements of signal control and train traffic management systems and traction power systems; and
- evaluate communications software and hardware.
7-AE. **MARYLAND TRANSIT ADMINISTRATION** *(cont’d)*

*Agency Remarks (cont’d):*

The DBE goal established for these contracts is 27%. AECOM Technical Services, Inc. has committed to the DBE goal. Although a 27% DBE goal was established for this contract, GL Communications, Inc. has committed to exceeding the goal by 52% (79%).

GL Communications, Inc. is a certified Small Business Enterprise and Disadvantaged Business Enterprise.

These contracts include a provision authorizing an extension for a total period no longer than one-third of the base term to spend funds remaining on the contracts as provided in Board Advisory 1995-1.

**BOARD OF PUBLIC WORKS ACTION – THIS ITEM WAS:**

APPROVED DISAPPROVED DEFERRED WITHDRAWN WITH DISCUSSION WITHOUT DISCUSSION
8-RP. MARYLAND TRANSIT ADMINISTRATION
Real Property – Easement

Recommendation: That the Board of Public Works approve the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) granting a Perpetual Easement.

Authority: Transportation Article, §7-204
State Finance and Procurement Article, §4-415(b)
Annotated Code of Maryland

Property: MC# 19-5092
Drainage Easement (0.031 acres +/-) located near the Timonium Fairground Light Rail Station in Baltimore County.

Grantor: State of Maryland, MDOT MTA

Grantee: Kaiser Foundation Health Plan of the Mid-Atlantic States (Kaiser Permanente)

Consideration: $8,150

Appraised Value: $8,150 – S.H. Muller & Associates (Selected)
William T. Caffrey, Jr., Review Appraiser

Special Conditions: N/A

Legislative Notice: N/A

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20200205-0098. It is recommended to declare the 0.031-acre +/- drainage easement near the Timonium Light Rail surplus to the needs of the state for use as drainage of the adjacent property, contingent upon consideration of the Maryland Department of the Environment and Baltimore County’s qualifying comments.

Requesting Agency Remarks: MDOT MTA seeks to grant Kaiser Permanente a perpetual drainage easement for the adjacent private development. Easements are noted in the Consent Agreement between MDOT, Baltimore County, TLR Land Ventures LLC & Kaiser Permanente which was approved by BPW on 6/20/2018 under 25-LT.

9-RP.   MARYLAND TRANSIT ADMINISTRATION
Real Property – Easement

Recommendation:   That the Board of Public Works approve the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) granting of a perpetual easement.

Authority:   Transportation Article, §10-305
Annotated Code of Maryland

Property:   MC#20-5105
Former Serra, et al, a perpetual easement (6,588 square feet ±), located in the Town of Bethesda in Montgomery County.

Grantor:   State of Maryland, MDOT MTA

Grantee:   Campanaro Properties, LLC

Consideration:   $0, see below for details

Appraised Value:   N/A

Special Conditions:   N/A

Legislative Notice:   N/A

State Clearinghouse:   N/A

Requesting Agency Remarks:   MDOT MTA seeks approval to grant an ingress/egress easement to the adjoining owner, Campanaro Properties, LLC. In 2019, MDOT SHA acquired right-of-way needed for the Purple Line project from Campanaro Properties, LLC which landlocked the property. MDOT MTA and SHA agreed that MDOT MTA should grant a perpetual easement for ingress and egress negating the need for MDOT SHA to acquire the entire property. By not having to purchase the entire Campanaro property, the State has saved $1,832,000. The Federal Transit Administration has approved the settlement.

BOARD OF PUBLIC WORKS ACTION – THIS ITEM WAS:

APPROVED    DISAPPROVED    DEFERRED    WITHDRAWN

1-CGL. **CAPITAL GRANTS AND LOANS**

**Recommendation:** That the Board of Public Works certify matching funds and enter into a grant agreement for the following grant:

**Board of Directors of the Westport Community Economic Development Corporation**  
Westport Community Land Trust (Baltimore City)  
“For the Westport Community Land Trust.”

**Maryland Consolidated Capital Bond Loan of 2018 (LSI – Chapter 9, Acts of 2018),**  
**DGS Item G034; (SL-106-180-038)**

$25,000

**Matching Fund:** The MCCBL requires the grant recipient to provide a matching fund no later than June 1, 2020 and the Board of Public Works to certify a matching fund. The Board of Directors of the Westport Community Economic Development Corporation has submitted documentation that it has a $150,000 line of credit to meet the matching fund requirement for this project.

**Background:**

</tr>
</tbody>
</table>

**Remarks:**

1. This action is in accordance with the enabling legislation and complies with the tax-exempt bond provisions of the Internal Revenue Code.
2. The grant recipient shall consult with the Maryland Historical Trust pursuant to Sections 5A-325 to 328, State Finance and Procurement Article, Annotated Code of Maryland, and convey a perpetual preservation easement pursuant to the terms of the enabling legislation.
3. Procurement/Contracts should be submitted to the Department of General Services for eligibility determination.
4. The Office of Comptroller may not disburse the State funds until after the Office of Comptroller verifies that the grant recipient has expended the matching fund and the required amount for reimbursement.
2-CGL. CAPITAL GRANTS AND LOANS

Recommendation: That the Board of Public Works certify matching funds and enter into a grant agreement for the following grant:

Board of Directors of The Children’s Guild, Inc.
College Park Early Learning Center (Prince George’s County)
“For the acquisition, planning, design, construction, repair, renovation, reconstruction, site improvement, and capital equipping of the College Park Early Learning Center building.”
Maryland Consolidated Capital Bond Loan of 2018 (LHI - Chapter 9, Acts of 2018)
DGS Item G083; $100,000
Maryland Consolidated Capital Bond Loan of 2018 (LSI - Chapter 9, Acts of 2018)
DGS Item G145; (SL-105-180-038) $150,000

Matching Fund: The MCCBL requires the grant recipient to provide a matching fund no later than June 1, 2020 and the Board of Public Works to certify a matching fund. The Board of Directors of Bishop McNamara High School has submitted documentation that has over $250,000 in a financial institution to meet the matching fund requirement for this project.

9-CGL.  CAPITAL GRANTS AND LOANS

Recommendation: That the Board of Public Works certify matching funds and enter into a grant agreement for the following grant:

Board of Trustees of the Rotary Club of Salisbury Foundation, Inc.
Rotary Labyrinth (Wicomico County)
“For the acquisition, planning, design, construction, repair, renovation, reconstruction, site improvement, and capital equipping of the Rotary Labyrinth project.”

Maryland Consolidated Capital Bond Loan of 2018 (LSI – Chapter 9, Acts of 2018), DGS Item G094; (SL-109-180-038) $ 100,000

Matching Fund: The MCCBL requires the grant recipient to provide a matching fund no later than June 1, 2020 and the Board of Public Works to certify a matching fund. The Board of Trustees of the Rotary Club of Salisbury Foundation, Inc. is utilizing the value of property to meet part of their matching fund requirement for this project. The Department of General Services, Real Estate Office, reviewed the appraisal for 100 E. Market Street, Salisbury, Wicomico County and accepted a value of $65,000 to meet the matching fund requirement. In addition, they have submitted documentation of $10,000 in a financial institution and $25,000 of in-kind donations to meet the full amount of the matching fund.

Background:

Total Project $ 125,000
18-G094 (This Action) $ 100,000 (Match)
Local Cost $ 25,000

Remarks:
1. The grant agreement has been revised to include The City Council of the City of Salisbury, Maryland as a “beneficiary” throughout the document.
2. This action is in accordance with the enabling legislation and complies with the tax- exempt bond provisions of the Internal Revenue Code.
3. The grant recipient shall consult with the Maryland Historical Trust pursuant to Sections 5A-325 to 328, State Finance and Procurement Article, Annotated Code of Maryland, and convey a perpetual preservation easement pursuant to the terms of the enabling legislation.
4. Procurement/Contracts should be submitted to the Department of General Services for eligibility determination.

12-CGL. **CAPITAL GRANTS AND LOANS**  
*Bond Bill Certification Extensions*

**Recommendation:** That the Board of Public Works unanimously grant a temporary exception for one year from the automatic termination of funds for the following bond bill authorization:

**Authority:** Maryland State Finance Law provides:

Section 8-128, State Finance and Procurement Article, Maryland Code. “Except to the extent that money authorized by an enabling act for a State project or program has been encumbered by the board, an authorization of State debt shall automatically terminate 7-years after the date of the authorization, unless...the Board unanimously grants a temporary exception for 1 year.”

The following authorizations were not fully encumbered within the 7-year time period, but the grantee has requested a 1-year extension to June 1, 2021:

<table>
<thead>
<tr>
<th>Grantee: Board of Directors of the Central Baltimore Partnership, Inc.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Project:</strong> Central Baltimore Partnership (Baltimore City)</td>
</tr>
<tr>
<td><strong>MCCBL 2013:</strong> DGS Item G003 MISC - Maryland Consolidated Capital Bond Loan of 2013 (Chapter 424 of the 2013; as amended by Chapter 463, Acts of 2014 Laws of Maryland)</td>
</tr>
<tr>
<td><strong>Amount:</strong> $3,000,000</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Grantee: Board of Directors of the Southern Maryland Carousel Group, Inc.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Project:</strong> Southern Maryland Carousel (Charles County)</td>
</tr>
<tr>
<td><strong>MCCBL 2012:</strong> DGS Item G062 LSI - Maryland Consolidated Capital Bond Loan of 2012 (Chapter 444 of the 2012; as amended by Chapter 027, Acts of 2016; then by Chapter 9, Acts of 2018 Laws of Maryland)</td>
</tr>
<tr>
<td><strong>Amount:</strong> $25,000</td>
</tr>
</tbody>
</table>

The following authorization was not fully encumbered within the 7-year time period, but the grantee has requested a 1-year extension to June 1, 2022:

<table>
<thead>
<tr>
<th>Grantee: Governing Board of the Adventist Rehabilitation Hospital of Maryland, Inc.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Project:</strong> Adventist Rehabilitation Hospital of Maryland (Montgomery County)</td>
</tr>
<tr>
<td><strong>MCCBL 2014:</strong> DGS Item G030 MHA - Maryland Consolidated Capital Bond Loan of 2014 (Chapter 463 of the 2014 Laws of Maryland)</td>
</tr>
<tr>
<td><strong>Amount:</strong> $200,000</td>
</tr>
</tbody>
</table>
12-CGL. **CAPITAL GRANTS AND LOANS** *(cont’d)*

**Recommendation:** That the Board of Public Work grant temporary exceptions for one year from the automatic termination of these fourteen authorizations contained in the 2018 MCCBL (Ch. 09, 2018 Laws) totaling $2,580,000.

**Authority:** State Finance and Procurement Article, Annotated Code of Maryland, § 8-128(a): “If, within 2 years after the date of an authorization of State debt, evidence that a required matching fund will be provided has not been presented to the Board or no part of the project or program for which the enabling act authorized the State debt is under contract and the Board has not encumbered money for any part of the project or program, the authorization terminates unless:

1. The enabling act provides otherwise; or
2. In an emergency, the Board unanimously grants a temporary exception for a period of one year”.

**Grantee:** Board of Directors of the 40 West Assistance and Referral Center, Inc.

- **Project:** 40 West Assistance and Referral Center (Baltimore City)
- **MCCBL 2018:** DGS Item G021
- **Amount:** $125,000
- **Remarks:** Grantee did not meet the 2-year deadline before the authorization terminated because the COVID-19 pandemic has halted the Grantee’s ability to secure the matching funds. A 1-year extension is appropriate because the Grantee plans to proceed with the project.

**Grantee:** Board of Directors of the Hyattsville Community Development Corp.

- **Project:** Armory Plaza (Prince George’s County)
- **MCCBL 2018:** DGS Item G076
- **Amount:** $100,000
- **Remarks:** Grantee did not meet the 2-year deadline before the authorization terminated because the Grantee had a delay in securing the matching fund. A 1-year extension is appropriate because the Grantee plans to proceed with the project.

**Grantee:** Board of Directors of the Hyattsville Community Development Corporation

13-CGL. CAPITAL GRANTS AND LOANS

Recommendation: That the Board of Public Works approve a grant for the following:

Mary's Center for Maternal and Child Care, Inc. (MCMCC) 344 University Boulevard, Silver Spring, MD 20901.

“To construct and equip a dental clinic for Mary's Center for Maternal and Child Care, Inc. (MCMCC), a Federally Qualified Health Center organization, at 344 University Boulevard West, Silver Spring, MD 20901. MCMCC owns the building”

Maryland Consolidated Capital Bond Loan, Federally Qualified Health Centers Grant Program FY 2018, FQHC-CB-30802-01 $ 818,086

Matching Fund: $ 750,471 - Wells Fargo Money Market

Background:

Total Project $1,568,557
This Action $ 818,086 (52.2% rounded)

Remarks:

1. Grantee is a nonprofit Federally Qualified Health Center organization.
2. In accordance with Subtitle 13 of Title 24 of the Health-General Article of the Annotated Code of Maryland, the Board’s approval is further contingent upon the State’s right of recovery being recorded among the Land Records of Montgomery County.
3. No State funds will be disbursed until the grantee has presented suitable evidence to the Office of Facilities Management and Development that it has expended the required matching funds.

15-S. SERVICES CONTRACT
Public Television

Contract ID: Master Control and Media Management Systems; MPT- 191231
ADPICS No.: R15R0600003

Contract Description: Provide master control operations for Maryland Public Television
(MPT) as an outsourced central casting environment for three program streams including
monitoring transmitters and transmission functions.

Award: Sony Electronics Inc.; Paramus, NY

Contract Term: 08/01/2020 - 12/31/2021 (w/one 2-year renewal option)

Amount: $240,000

Procurement Method: Intergovernmental Cooperative Purchasing Agreement

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbents: Same

Requesting Agency Remarks: The use of the Intergovernmental Cooperative Purchasing
Agreement (ICPA) provides the best value allowing MPT the ability to transmit its programming
through various syndicated stations. This contract also allows MPT to interrupt broadcasting to
relay emergency information, when necessary. Additionally, it enables MPT to continue to deliver
programming without having to modify and upgrade existing equipment or purchase new
equipment and the cost for staff training. The State would benefit with monthly costs for the new
contract term for master control services remaining the same for an additional 16-month period.
The two year renewal option is contingent on approval by both iTS and Sony.

16-S. SERVICES CONTRACT

Public Television

**Contract ID:** Audience Measurement Services; R15R0600004
ADPICS No.: R15R0600004

**Contract Description:** Provide audience measurement of Maryland Public Television (MPT) channels, as well as stations within MPT’s footprint. This includes confidential reports containing estimates of television and media viewing in the Maryland, Washington, D.C. markets. Nielsen’s integrated measurement system and analysis of media viewing gives MPT a picture of our audience.

**Award:** The Nielsen Company, LLC; New York, NY

**Contract Term:** 07/01/2020 - 06/30/2025

**Amount:** $1,028,460

**Procurement Method:** Sole Source

**MBE/VBSE Participation:** N/A / N/A

**Performance Security:** N/A

**Incumbents:** Same

**Requesting Agency Remarks:** Nielsen Media is the only company that can provide a complete understanding of MPT’s viewership. It is the only provider of in-depth analysis and insights across all major advertising platforms television, radio, mobile devices, magazines, newspapers. As consumers demand more content or more channels across more devices, only Nielsen provides a complete understanding of viewership for the broadcast industry.

MPT utilizes the information provided by Nielsen to determine how television shows are performing. Nielsen’s analytical data as well as detailed information on program performance, helps MPT make decisions on programing and broadcast schedules.

Additionally, MPT uses the data received to analyze new program performance and helps with future fundraising ideas. In evaluating this new contract cost, MPT found that the rate for services provided by Nielsen are discounted from the prior contracted rate. Nielsen provides discounts for long-term agreements to PBS stations versus the fees and rates charged to commercial television and radio stations.
16-S. **SERVICES CONTRACT (cont’d)**

*Agency Remarks (cont’d):*

The new contract total cost can be attributed for the cost of “People Meter” research and data collection. People Meter research and data collection is a relatively new service provided by Nielsen. People Meter research is an in-depth research tool that monitors and reports the use of television on the internet and on all types of mobile devices.

17-S-MOD. SERVICES CONTRACT’ MODIFICATION
RETROACTIVE - Department of Education

Contract ID: Administration, Scoring and Reporting of Assessments in English Language/Literacy and Mathematics; R00B9400016
ADPICS No.: COI08249

Contract Approved: DBM 6-S, 08/22/2018

Contractor: NCS Pearson, Inc.; Bloomington, MN

Contract Description: Maryland Summative Assessment Administration, Scoring, Reporting Services for English Language Arts/Literacy for Grades 3-11 and Mathematics Grades 3-8 and Advanced Mathematics.

Modification Description: RETROACTIVE approval is requested for the addition of Algebra II, Geometry and English Language Arts for Grade 11 for school year 2018/2019 along with additional quantities of printed student reports to local school systems.

Original Contract Term: 08/22/2018 - 09/30/2019

Modification Term: 12/03/2018 - 09/30/2019

Original Contract Amount: $11,754,087

Modification Amount: $411,739

Total Contract Amount: $12,165,826

Percent +/- (This Item): 3.5%

Total Percent Change: 3.5%

Prior Mods/Options: $0 (Mod. 1 - Clarification of services, Delegated Authority, 05/09/2019)

Original Procurement Method: Intergovernmental Cooperative Purchasing Agreement

MBE/VSBE Participation: 1.4% / N/A
17-S-MOD. SERVICES MODIFICATION (cont’d)

MBE/VSEBE Compliance: 0.50% / N/A

Requesting Agency Remarks: MSDE entered into an Intergovernmental Cooperative Purchasing Agreement for assessments with NCS Pearson, Inc. (Pearson) on August 22, 2018 following a public solicitation for services by the District of Columbia (DC), on behalf of multiple states. The MSDE contract with Pearson expired on September 30, 2019.

The scope of services in this agreement includes test administration, scoring, and reporting of assessments in English Language/Literacy and Mathematics. The quantity of services performed under the agreement were based on estimates. MSDE and Pearson were not aware that final counts exceeded estimates until after Pearson completed the work.

Moreover, MSDE directed the contractor to provide tests that were not originally included in the contract: Algebra II, Geometry, and English Language Arts Grade 11. These tests were necessary and procured by DC; however, these tests were mistakenly omitted from the original MSDE contract. The noted tests are part of the options included in the tool kit used to determine students’ College and Career College Readiness and for federal reporting.

Pearson provided higher than anticipated quantities of test administration, scoring and reporting, and related services. MSDE pays only for tests that are taken, as opposed to the sometimes-higher registration numbers compared to tests completed.

The first out of scope services were performed on December 3, 2018 when the contractor administered online and paper tests. However, final student testing counts and the resulting variance report for the fall/spring assessments were not compiled until August 6, 2019. MSDE did not have adequate time to modify this agreement to reflect accurate quantities prior to the expiration of the agreement. MSDE therefore respectfully requests BPW to ratify the modification period beginning on December 3, 2018 and ending on September 30, 2019.

18-S-MOD. SERVICES MODIFICATION

Department of Human Services, Family Investment Administration, Office of Programs

Contract ID: Asset Verification System (AVS); FIA/AVS-17-001-A3
ADPICS No.: COI56122

Contract Approved: DBM 2-S, 05/10/2017

Contractor: Public Consulting Group, Inc.; Boston, MA

Contract Description: Provide an electronic asset verification system service to enable the Department of Human Services (DHS) and the Maryland Department of Health (MDH) to accurately determine Medicaid eligibility by discovering and verifying personal assets through two Functional Areas (FAs): FA I – Assets held by Financial Institutions; and FA II – Real Property; as required by Section 1940 of the Social Security Act (codified at 42 U.S.C. 1396w).

Modification Description: Extend the current contract by 18-months to allow time to transition all the Non-Modified Adjusted Gross Income (MAGI) Medical Assistance programs to the MDTHINK eligibility system while also completing the competitive procurement process to award new contracts.

Original Contract Term: 06/01/2017 - 05/31/2019 (w/one 1-year renewal option)

Modification Term: 06/01/2020 - 11/30/2021 (18-months)

Original Contract Amount: $799,642

Modification Amount: $672,100

Total Contract Amount: $1,866,613

Percent +/- (This Item): 84%

Total Percent Change: 233.9%

Prior Mods/Options: $0 (Mod. 1; Added performance terms: 07/01/2018 – 05/31/2019; DHS, 06/29/2018)
$394,871 (Renewal Option No. 1: 06/01/2019 - 05/31/2020; DBM 12-S-OPT, 05/8/2019)
18-S-MOD.  SERVICES MODIFICATION (cont’d)

Original Procurement Method:  Competitive Sealed Proposals

MBE/VSBE Participation:  N/A / N/A

MBE/VSBE Compliance:  N/A / N/A

Requesting Agency Remarks:  The transition period is necessary to minimize the risk to program operations during implementation. The extension will also support a period of overlap/transition if a new vendor(s) is awarded the contract, to allow time for testing, and to phase in a new vendor(s). These actions will help to incrementally minimize the risks from vendor cutover and keep application processing times within State and federal timelines.

DHS determines the eligibility of applicants and recipients based, in part, on the total assets available to the applicants and recipients for purposes of paying their medical expenses. Those assets include: financial assets such as checking, savings, money market, retirement, and annuity accounts; as well as, real property owned by the applicant, recipient, or any responsible party.

DHS and MDH administer on-going Medicaid eligibility determinations for approximately 65,000 recipients of Medicaid benefits and make eligibility determinations for approximately 34,000 new applicants for those services each year. DHS and MDH estimate that they will request approximately one-third of the total case volume in asset verification reports each year in each Functional Area. Including spouses and other responsible parties, a total of approximately 55,000 requests will be made each year in each Functional Area.

Based upon the nature of the services being provided, it was determined that there are no identifiable subcontracting opportunities.

19-IT. INFORMATION TECHNOLOGY
Department of Information Technology

Contract ID: Voice-Over-IP Services; 178AN-TISA208-0820
ADPICS No.: F50B0600047

Contract Description: Provide voice-over internet protocol to multiple State agencies obtaining services from DOIT.

Award: CenturyLink Communications LLC; Denver, CO

Contract Term: 06/09/2020 - 12/03/2020

Amount: $200,001

Procurement Method: Intergovernmental Cooperative Purchase
(Michigan Collegiate Telecommunications Association Master Service Agreement)

Living Wage Eligible: Yes

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbents: Same

Requesting Agency Remarks: The Department of Information Technology (DOIT) intends to use the Michigan Collegiate Telecommunications Association (MiCTA) Master Service Agreement (178AN-TISA 2018-0820) to obtain Voice over Internet Protocol (VoIP) including Session Initiation Protocol (SIP) Trunking services, through a participating addendum with CenturyLink Communications LLC (CenturyLink). This agreement will provide ongoing maintenance and support for these voice telecommunications services to the State.
19-IT. INFORMATION TECHNOLOGY (cont’d)

Agency Remarks (cont’d):

DoIT presently holds a PA with CenturyLink (formerly L3, 060B7400038) under the MiCTA Master Service Agreements through 06/08/2020. CenturyLink has signed new Master Service Agreements with MiCTA. For the State to continue receiving services at the current rates and ensure ongoing support, a new participating addendum must be established.

The MiCTA Master Service Agreements provide the State with a favorable pre-determined pricing structure to procure the requested services in a timely manner that will promote administrative efficiencies to meet the above-mentioned mission critical initiatives of DoIT. CenturyLink has matched contract pricing to the current contract rates, meaning no increase in costs.

If MiCTA extends the master agreement, DoIT intends to modify this contract to align with the expiration of the master; as well as, seek additional funding for that time period.

WITH DISCUSSION  WITHOUT DISCUSSION
20-IT. INFORMATION TECHNOLOGY
Department of General Services

Contract ID: Long Distance and Toll-Free Telecommunications Services
ADPICS No.: 001B0600386

Contract Description: Provide long distance and toll-free telecommunications services

Award: MCI Communication Services Inc.
d/b/a Verizon Business Services (Verizon)
Silver Spring, MD

Contract Term: 06/09/2020 - 11/29/2021

Amount: $2,000,000

Procurement Method: Intergovernmental Cooperative Purchase
(Michigan Collegiate Telecommunications Association Master Service Agreement)

Living Wage Eligible: Yes

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbents: Same

Requesting Agency Remarks: The Department of General Services (DGS) intends to use the Michigan Collegiate Telecommunications Association (MiCTA) Master Service Agreement 187AN-TISA 2018-0821 to obtain long distance (LD), and toll-free (TF) telecommunications services, through a participating addendum with Verizon. The purpose of this agreement will be to provide ongoing maintenance and support for these voice telecommunications services to the State.

The Department of Information Technology (DoIT) presently holds a PA agreement with Verizon (060B7400039) under the MiCTA Master Service Agreements through 06/08/2020. Verizon has signed a new Master Service Agreement with MiCTA. For the State to continue receiving services at the current rates and ensure ongoing support, a new set of PAs must be established.
20-IT. INFORMATION TECHNOLOGY (cont’d)

Agency Remarks (cont’d):

The MiCTA Master Service Agreement 187AN-TISA2018-0821 provides the State with a favorable pre-determined pricing structure to procure the requested services in a timely manner that will promote administrative efficiencies to meet the above-mentioned mission critical initiatives of DoIT. Verizon is matching current contract rates and the new contract pricing represents a decreased cost overall as toll-free services will now have a lower per-call standard fee.

21-IT.  **INFORMATION TECHNOLOGY**

*Department of Transportation*

**Contract ID:** Software and Maintenance for Mainframe of Human Resource Information System; J1B0600045
ADPICS No.: J01B0600045

**Contract Description:** Provide software license and maintenance for a proprietary mainframe operating system for programs and modules of the Human Resource Information System (HRIS).

**Award:** Infor (US), Inc.; Minneapolis, MN

**Contract Term:** 06/16/2020 - 06/15/2021

**Amount:** $86,492

**Procurement Method:** Sole Source

**MBE/VSBE Participation:** N/A / N/A

**Performance Security:** None

**Incumbents:** Same

**Requesting Agency Remarks:** Infor is the sole support and maintenance provider of the proprietary operating system for programs and modules of MDOT’s Human Resource Information System (HRIS). This software product is utilized on MDOT’s IBM zBC12 model 2828-H06 mainframe computer. Products currently used are Human Resources Personnel and Position Control Module Systems and this software is required by the MDOT Office of Human Resources.

Office of Transportation Technology Services (OTTS) originally procured these software products and MDOT OTTS retains site licenses on these products. This software is proprietary and not available from any other source.

There is no other available source for the software support and maintenance, including patches, upgrades, and help desk support. Approval of this contract is critical to MDOT as support is essential to the current HRIS system as it is used MDOT-wide. It is necessary to continue with services without lapse, until a new Human Resource/ Payroll contract is initiated and in place. Currently a replacement is being procured.

Contract Approved: DoIT 1-IT, 11/04/2015

Contractor: Teradata Government Systems, LLC; Miamisburg, OH

Contract Description: Provide ongoing technical support and system maintenance of Teradata Data Warehouse for the Comptroller’s Bureau of Revenue Estimates (BRE). Included are analyses for revenue generation, compliance, audit, and revenue forecasting programs to establish ways to identify and improve revenues, compliance and efficiencies for collecting revenue.

Option Description: Exercise the second and final renewal option.

Original Contract Term: 11/16/2015 - 06/30/2019 (w/two 1-year renewal options)

Option Term: 07/01/2020 - 06/30/2021

Original Contract Amount: $15,427,049

Option Amount: $ 4,371,039

Prior Options/Mods: $ 4,137,697

Total Contract Amount: $23,935,785

Percent +/- (This Item): 28.3%

Total Percent Change: 155%

Original Procurement Method: Sole Source

MBE/VSBE Participation: 7% / N/A

MBE/VSBE Compliance: 15% / N/A
22-IT-OPT.  INFORMATION TECHNOLOGY OPTION (cont’d)

Requesting Agency Remarks: Teradata is the manufacturer of the data warehouse and is the sole provider for technical support and system maintenance. Due to the complexity of the solution, additional technical support is required to ensure that the data warehouse continues to perform in support of the Comptroller’s revenue generation, compliance and audit, and revenue forecasting programs.

This is a repository of all taxpayer data processed by the Comptroller and certain outside sources. The Data Warehouse enabled the Comptroller to implement several analytical models, revenue reports, and revenue generating compliance programs. All of which support the agency's goals of maximizing collections, identifying tax gaps, and preventing fraud. It also provides reports through a Business Intelligence tool which supports executive decisions.

This technology has aided in the identification and collection of hundreds of millions of dollars in unpaid taxes and the denial of millions of dollars in fraudulent tax refunds.

23-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont’d)

Original Procurement Method: Intergovernmental Cooperative Purchase Agreement

Contract: State of Utah/NASPO Value Point Cloud Solutions Contract #AR2479

MBE/VSBE Participation: N/A / N/A

MBE/VSBE Compliance: N/A / N/A

Requesting Agency Remarks: This modification seeks to increase the not-to-exceed spending authority on this contract by an additional $48,300,000 to cover activities through April 26, 2021; allowing the MD THINK program to continue with planned development and operation of the MD THINK platform and associated program applications.

Under the competitively awarded State of Utah/NASPO Value Point Cloud Solutions Contract, DoIT entered into a participating addendum on behalf of DHS with Day 1 Solutions (subsequently acquired by Deloitte Consulting LLP) to provide access to AWS cloud hosting products and professional services for the MD THINK program.

MD THINK is the State’s shared human services platform, which provides a hosting environment and shared services to support program applications of multiple State agencies, primarily DHS and the Maryland Department of Health (MDH). The MD THINK platform currently hosts several program-specific applications:

- Child, Juvenile, and Adult Management System (CJAMS): A new system which will replace the current child welfare data system (CHESSIE) and the current DJS data system (ASSIST), as well as supporting Adult Services and Office of Licensing and Monitoring; as of April 2020, the child welfare module is deployed and in use in six counties, and is anticipated to deploy to the remaining counties over the summer; other modules will deploy over the next year;
- Eligibility and Enrollment (E&E): A replacement for the current public benefits management program (CARES), which will support SNAP, non-MAGI Medicaid, Temporary Cash Assistance/TANF, Temporary Disability Assistance Program (TDAP), and other public benefit programs; E&E is in final testing; launch had been anticipated for this summer, but those plans are under review due to the COVID-19 disruption;
- Long Term Care (LTC): A module of the E&E application, was deployed into production in 2018 and is currently in use statewide; this application is used by DHS staff, long term care facilities, and the general public;
- Child Support Management System (CSMS): a replacement for the legacy child support system which will support the collection, distribution, and administration of child support and related support services, is currently in developed and targeted for testing and deployment at the start of 2021;
23-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont’d)

Agency Remarks (cont’d):

- Health Benefits Exchange (HBX): the Maryland health insurance exchange under the Affordable Care Act, migrated to the MD THINK platform and went live in the fall of 2019; HBX completed its first successful open enrollment on the platform during the fall of 2019;
- Maryland Office of Refugees and Asylees application (MORA), which supports the work of that office and was deployed into production in 2018;
- Maryland Department of Health’s eMedicaid application, currently in operation;
- DHS “Cottage” applications: Several small applications that support ancillary business functions of DHS; these applications are being migrated from the DHS legacy hosting environment to the MD THINK platform to facilitate the step-down and ultimate turn-off of legacy hosting; and
- MD THINK Shared Services: In addition to the program-specific applications, the MD THINK platform also supports several shared services which are utilized by one or more of the application above, including: security, identity and access management, enterprise content management, shared data repository, data reporting and analytics, notifications, federal data hub interfaces, data governance, and master data management (a common client index).

Each of these applications and the platform itself are supported by this Deloitte/AWS contract. Additional applications from MDH and MSDE are in development for migration and deployment on the MD THINK platform during the next year, the costs of which are included in this request for additional contract authority.

The State, with DHS acting as the lead agency, is building MD THINK independently and makes all decisions with regards how the platform is designed, assembled, and supported. This contract provides the legal mechanism to allow DHS to purchase the foundational blocks from AWS that MD THINK requires to build and operate the MD THINK platform; as well as, hire several programming contractors needed to help assemble and maintain those AWS building blocks.

MD THINK utilizes two types of Work Orders under this contract:

- one for the provisioning of various servers, data storage, hosting infrastructure, and related tools and services provided by AWS with Deloitte acting as their resale agent (AWS components and services may only be purchased through an authorized reseller such as Deloitte); and
23-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont’d)

Agency Remarks (cont’d):

- one for professional services provided by Deloitte on a time and materials basis to support in the provisioning and operation of the various AWS components assembled for MD THINK including Hosting Infrastructure, DevOps/API, Security, Data Governance, Data Conversion/Data Migration, Shared Data Repository, Reporting and Analytics, and Master Data Management.

The MD THINK team is responsible for designing and configuring the platform and applications, selects and assembles the various AWS components that support that design, and determines and directs the work performed by the selected Deloitte programmers. As such, this Work Order essentially functions as a time and materials contract, and the state’s actual expenditures under these work orders is therefore based on the AWS components and services it elects to purchase, and the work it chooses to have the programmers perform.

MD THINK is a first-of-its-kind project which no other state has successfully undertaken and as such, market research ahead of initial execution of this contract was not available. This contract was originally awarded in April 2017 with a not-to-exceed spending authority of $50 million, to start the design and configuration of the platform. Since that time, one additional spending authority increase was requested, totaling $20,000,000 (July 2019) for anticipated usage increases of both AWS resources and the Deloitte professional services provided under this contract. In March 2020, the first of two 1-year renewal options was exercised with no additional spending authority requests.

Anticipated usage and development activities, including the deployment into production of new applications and the migration of already existing applications onto the MD THINK platform, DHS seeks to increase the contract authority by $48.3 million ($11.9 for FY20 and $37.4 million for FY21). The platform’s evolution and actual usage has provided DHS with real-world experience and data to refine estimates for future needs. For the final option year, MD THINK anticipates presenting another request to the Board for spending authority to cover the next fiscal year’s budget and planned activities, and thereby provide further transparency into the cost and operations of the MD THINK platform.

As noted, MDH currently maintains several applications within the MD THINK platform and continues to evolve that functionality. Most notably is the Maryland Health Benefits Exchange (HBX). HBX is a major application which requires several environments to ensure operational stability and high availability and reliability year-round, including the open enrollment period. The transition of HBX onto the MD THINK platform required additional platform environments not previously developed, resulting in the need for additional contract authority. Additionally, MDH is in the process of migrating several smaller applications from stand-alone hosting contracts and joining MD THINK for the benefit of a widely reliable and secure network.
23-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont’d)

Agency Remarks (cont’d):

Base period rates will continue for the remainder of the contract.

Fund Source: 36% (MITDPF) and 64% Federal

Approp. Code(s): TA06D, TA24D

MD Tax Clearance: 20-0783-1111

This contract was previously withdrawn from the 04/22/2020 BPW meeting agenda, as item 10-IT-MOD.
24-IT. INFORMATION TECHNOLOGY

Recommendation: That the Board of Public Works approve the following Task Orders/Purchase Orders under previously-approved Master Contracts.

Authority: State Finance and Procurement Article, Annotated Code of Maryland, § 13-113; COMAR 21.05.13.06

Procurement Method: Task Order/Purchase Order under Master Contract

1.0 Master Contract: Consulting and Technical Services Plus (CATS+)

Approved: DoIT 3-IT, 04/03/2013
Term: 04/22/2013 - 04/21/2028

**As of publication, the remaining balance of this master contract is $342,520,062**

1.1 Using Agency: MDOT Office of Planning & Capital Programming

Description: Capital Management and Programming Systems; J01B9400036. Provide two qualified System Business Administrators (one key, one optional) to manage the Department’s Capital Management and Programming System (CMAPS). The administrator will be responsible for the operation, maintenance and support of CMAPS. This is an enterprise-wide system to manage the capital program for the Department. It is used by Project Managers and Approvers throughout the Department to facilitate the electronic workflow of all project funding requests, change requests and fund certification requests related to project budgets and cash flow needs. CMAPS is used by Capital Programming Offices at each TBU to budget capital projects and track funding needs by Federal, State and Other sources within each fiscal year. It is also used to facilitate the quarterly program development process necessary for successful financial forecasting each quarter. This is used to publish the Consolidated Transportation Program (CTP), produced two times a year for the legislature and public.

Award: Dravida Consulting, LLC; Baltimore MD

Number of Qualified Master Contractors: 449 (Functional Area 6)
Number of Bids: 6
Amount: $2,270,000
Term: 06/04/2020 – 6/03/2025
MBE/VSBE Participation: N/A / N/A

### 1.0 Master Contract: Consulting and Technical Services Plus (CATS+)

#### 1.2 Using Agency: MDOT State Highway Administration

**Description:** Geographic Information System (GIS) Data and Cartographic Support Resources; J02B4400002.

Obtain a team of resources: One end-user support, one research analyst support, one Senior GIS Data and Cartographic support and one Junior GIS Data and cartographic support with the ability to add three resources. All resources will maintain, enhance and provide operational support with numerous GIS existing systems and project initiatives.

**Mod. Description:** Extend task order by 8-months with additional funding to provide the continuity of support with resources and avoid lapse of service. The extension will align GIS contracts and permit the solicitation to proceed and be implemented with minimal amount of risk while maintaining optimal performance; J02B4400002.

1.0 Master Contract: Consulting and Technical Services Plus (CATS+) cont’d

1.6 Using Agency: Department of Human Services (DHS), Office of Technology for Human Services (OTHS)

Description: Provides Contractor staff with advanced technical skills in network engineering, design, deployment and daily operations support.

Mod. Description: Extend the task order for an additional 12-months for the continuance of essential Technical Operations Support Services (TOSS) network support. The Office of Technology for Human Services (OTHS), under the direction of the Chief Information Officer (CIO), is responsible for the overall management and direction of the Department of Human Services’ information systems and information technology (IT) infrastructure and operations function.

The TOSS vendor provides staffing which supports the Department’s delivery of services, minimizing downtime and ensuring the efficient and reliable operation of computer hardware and software.

The staff-augmentation provided under the TOSS contract handles day-to-day support for maintenance, operation, and upgrading of the computers, hardware, routers, switches, VOIP and PBX, and local networks relied upon by the more than 6000 DHS staff in offices in Baltimore City and every county throughout the State. The TOSS contract also provides other related information technology support, including network administration services and the DHS Desktop Support Service (help desk). These activities support all of the Department’s programs and applications.

DHS is assessing the department’s future needs in these areas, which may change with the deployment of MD THINK. The Department anticipates that it will seek a new competitive procurement once MD THINK application deployment is complete. This modification will allow DHS to maintain these critical support services until that time;

2.1 Using Agency: Maryland State Police, Criminal Intelligence MCAC Center
Description: The Maryland Coordination and Analysis Center (MCAC); W00P0601059 License Plate Reader (LPR). IT infrastructure systems lack the processing power to manage the operations effectively and efficiently. MCAC stores a year’s worth of data collected by the LPR system. The system collects information from 54 Maryland agencies in two ways: real-time automation via 406 mobile cameras and fixed sites throughout the State and manually by officers performing law enforcement duties.

MCAC provides a centralized query platform, retaining approximately 700,000,000 files annually, for various law enforcement agencies in Virginia, D.C., and Maryland. Year to date, MCAC has processed 4,500 requests for information collected using the LPR system throughout all Maryland counties and Baltimore City police departments.

This contract will provide the infrastructure necessary to expand and support the growing use of the center, offering the ability to process up to 64 million reads per day. Included in this contract are the necessary hardware, software implementation, initial system training, maintenance, and hardware/software support 24 hours per day, 365 a year.

**Total transfer of spending authority to the Construction Contingency Fund** $325,041.31
27-GM. GENERAL MISCELLANEOUS (cont’d)

Description: In accordance with provisions of the State Finance and Procurement Article, Section 8-129, Annotated Code of Maryland Board of Public Works approval is requested to transfer unencumbered balances for funds associated with completed Capital Projects.

The Department of General Services and Department of Budget and Management (Office of Capital Budgeting) have reviewed the unencumbered balances and recommend approval of the following actions:

Transfer spending authority to the Construction Contingency Fund of $325,041.31
28-RP. **REAL PROPERTY**

*Department of Agriculture, Maryland Agricultural Land Preservation Foundation (MALPF)*

*Agricultural Land Preservation Easements*  
(Various Properties)

**Reference:** Approval is requested for the Maryland Agricultural Land Preservation Foundation, Department of Agriculture, to accept option contracts for the purchase of agricultural preservation easements on the following properties. All purchases outlined below have been reviewed and approved by the MALPF Board.

**Special Conditions:** Grantor relinquishes all rights to develop or subdivide the land for industrial, commercial, or residential use. Land shall be preserved solely for agricultural use in accordance with provisions of the Agricultural Article. No commercial signs or billboards are permitted, and there shall be no dumping on land except as is necessary to normal farming operations. Grantor shall manage the property in accordance with sound agricultural practices. Grantee shall have the right to enter land for inspection. No public rights are granted. The term of these easements shall be in perpetuity pursuant to Agriculture Article Section 2-514.1.

A) As to items 1 through 10, pursuant and subject to the provisions of Agriculture Article Section 2-513, Grantor has elected to reserve the right to apply for release of a lot to convey to himself or his children for the purpose of constructing a dwelling for personal use as follows: one lot of one acre or less if the subject property is at least 20 acres, but less than 70 acres, two lots of one acre or less if the subject property is at least 70 acres, but less than 120 acres, or three lots of one acre or less if the subject property is 120 acres or more.

Review Appraiser: D. Kelleher
28-RP. REAL PROPERTY (cont’d)

**Harford County**

2. P&L Hess 81.89 Acres* $576,000.00
   12-20-05
   Less 1 acre $7,193.71/acre
   Per dwelling
   (Appraised Value) (Agricultural Value) (Easement Value)
   a. Muller (fee) $768,000.00 $42,711.23 $725,288.77
   b. Campbell (fee) $719,900.00 $42,711.23 $677,188.77
   Review Appraiser: D. Kelleher
   *81.89 acres will be encumbered by the MALPF Easement, but .82 acres is already protected by prior restrictions and thus payment will only be made upon 80.07 acres, after also subtracting 1 acre for 1 dwelling.

3. S. Trout, et.al. 65.0988 Acres $504,750.00
   12-20-07
   Less 1 acre $7,874.56/acre
   Per dwelling
   (Appraised Value) (Agricultural Value) (Easement Value)
   a. Muller (fee) $673,000.00 $54,179.70 $618,820.30
   b. Campbell (fee) $653,800.00 $54,179.70 $599,620.30
   Review Appraiser: D. Kelleher

4. G. Jones, et.al. 51.06 Acres* $375,450.00
   12-20-08
   $ 7,500.00/acre
   Per dwelling
   (Appraised Value) (Agricultural Value) (Easement Value)
   a. Muller (fee) $511,000.00 $36,651.54 $474,348.46
   b. Campbell (fee) $428,900.00 $36,651.54 $392,248.46
   Review Appraiser: D. Kelleher
   *51.06 acres will be encumbered by the MALPF Easement, but 1 acre is reserved for a non-subdivideable building envelope and thus payment will be made upon 50.06 acres.

5. J&D Delp 90.26 Acres $573,690.00
   12-20-09
   Less 1 acre $6,500.00/acre
   Per dwelling
   (2 dwellings)
   (Appraised Value) (Agricultural Value) (Easement Value)
   a. Muller (fee) $777,000.00 $61,429.75 $715,570.25
   b. Campbell (fee) $741,400.00 $61,429.75 $679,970.25
   Review Appraiser: D. Kelleher
## 28-RP. REAL PROPERTY (cont’d)

6. G&G Cooper 66.199Acres $464,250.00
   12-20-10 Less 1 acre $7,120.51/acre
   Per dwelling
   (Appraised Value) (Agricultural Value) (Easement Value)
   a. Muller (fee) $619,000.00 $59,055.30 $559,944.70
   b. Campbell (fee) $632,400.00 $59,055.30 $573,344.70
   Review Appraiser: D. Kelleher

### Prince George’s County

7. Bonnie Breeze Farm, Inc. 244.16Acres* $810,540.00
   16-20-01 Less 1 acre $3,375.00/acre
   Per dwelling
   (Appraised Value) (Agricultural Value) (Easement Value)
   a. Peters (fee) $1,080,700.00 $100,159.45 $980,540.55
   b. Hooper (fee) $924,000.00 $100,159.45 $823,840.55
   Review Appraiser: J. Enger

*244.16 acres will be encumbered by the MALPF Easement, but 3 acres are reserved for a permitted use envelope for a future utility easement and thus payment will only be made upon 240.16 acres after subtracting 1 acre for 1 dwelling.

### Queen Anne’s County

8. Blackdog Farms 148 Acres $574,980.00

**Remarks:**

1. The Department of Agriculture recommends acceptance of these contracts.
2. The Department of General Services has reviewed the appraisals and has recommended that each appraisal “a.” listed above be the fair market value of the land on which the easement is to be acquired.
3. Pursuant to Agriculture Article 2-511(e), the purchase price of each easement may not exceed 75% of the fair market value, or the owner’s asking price, whichever is less.
4. Items 9, 20 and 32, marked with a “^” are “insufficient funds offers”. The Option Contracts for the insufficient offers specify that if additional funds become available during the due diligence period, the offer will increase to 75% of the fair market value, or the asking price, whichever is less. Any increase in purchase price will be subject to Board of Public Works approval.

29-RP.  REAL PROPERTY
Department of General Services

Recommendation:  Approve the conveyance of property from the Maryland Department of the Military to Maryland Department of Transportation, State Highway Administration from the Ellicott City Armory for SHA’s road widening project along Montgomery Road.

Property:  
Fee Simple: 46,091 sq. ft. or 1.058 acres
Perpetual Easement: 13,653 sq. ft. or 0.0313 acre for a drainage facility and utilities
Temporary Easement: 10,357 sq. ft. or 0.23 acre All located on the south side of Montgomery Road and the east side of Route 29 in Ellicott City. Also included in the conveyance is the depreciated value of on-site improvements including paving, curb, sidewalk, fencing, two wooden signs, and the contributing value of landscaping.

Grantor:  The State of Maryland, to the use of the Military Department.

Grantee:  The State of Maryland to the use of the State Highway Administration of the Department of Transportation.

Background:  State Highway Administration, under Right of Way Project No. HO227B31, intends to widen and improve Montgomery Road, Maryland Route 103 from US 29 to Long Gate Parkway. As part of this project, SHA needs to acquire some ground in fee simple along with perpetual easements for drainage and utilities, and some on-site improvements from the site of the Ellicott City Armory. The Maryland Military Department recognizes the importance of this road improvement project.

Consideration:  $1,324,400

Clearinghouse:  The Clearinghouse conducted an intergovernmental review of the project under MD20190816-0700. It has recommended to declare the 1.058 acres excess to the needs of the Military Department for transfer to the Department of Transportation/State Highway Administration for road widening, grant a perpetual easement for the 0.313 acre for drainage and utilities, and grant a temporary easement for the 0.238 acre for construction contingent upon consideration of the Department of the Environment’s qualifying comments.

Legislative Notice:  Legislative notice letters were sent on January 30, 2020
29-RP. REAL PROPERTY (cont’d)

Appraised Values: $1,324,400 - Thomas A. Weigand, Independent Fee Appraiser
                $1,135,600 - Michael J. Chicorelli, Independent Fee Appraiser

Approved Value:  $1,324,400 - Thomas A. Weigand
30-LL. LANDLORD LEASE
Department of Transportation Motor Vehicle Administration

**Procurement Method:** Sole Source  
See COMAR 21.05.05.02D; DGS Space Mgmt. Manual ¶ 6-605 E

**Remarks:** The half acre land has been used since 2001 as a MDOT MVA test course in support of the MDOT MVA facility owned by the State. This facility provides all MDOT MVA services including but not limited to practical driver’s license testing, new tags and tag renewal.
TENANT LEASE MODIFICATION

Department of Labor

Recommendation: Approval is requested for a new 10-year lease.

Landlord: Concourse Drive BWI, LLC; 25 S Charles St, Ste 1002 A, Baltimore, MD 21201

Property Location: 1306 Concourse Dr, Linthicum, MD 21090

Space Type: Office (5,427 sq. ft.)

Lease Type: New

This Term: 07/01/2020 - 06/30/2030 (w/ standard 6-month holdover)
Future Option Term: 07/01/2030 - 06/30/2035 (5-years)

Annual Rent: $166,664 (Year 1)  
Square Foot Rate: $31 (Year 1)

Fund Source: 100% Federal  
Approp. Code: PCA 7G26V

Utilities/Custodial Responsibility: Landlord/Landlord

Termination for Convenience Clause: Yes

Procurement Method: Competitive Sealed Bidding  
See COMAR 21.01.01.02A; DGS Space Mgmt. Manual ¶ 6-605 D

Remarks: The annual rent for this lease will escalate 3% annually. The Department of Labor is currently occupying 10,750 net usable square feet of space in Laurel. In order to reduce their footprint roughly by half and accommodate a growing client base in Anne Arundel County, the agency would like to move to a location that addresses both items. Landlord is providing a 6-month rent abatement of $83,332 for year one.
34-LT-MOD. TENANT LEASE MODIFICATION

Department of Natural Resources

Recommendation: Approve five year renewal option and four subsequent five year renewal options.

Prior Board Action: DGS Item 9-LL, 11/01/2006

Property Location: 5741 - 45 Furnace Avenue, 5735 Race Road, Elkridge, MD 21075

Space Type: Land and Historic Improvements (9.090 +/- acres)

Lease Type: Modification

This Term: 06/01/2020 - 05/31/2025

Renewal Term: 06/01/2025 - 05/31/2030 (1st of 4 remaining renewals)

Remarks: Reference is made to item 9-LL dated 11/01/2006 whereas, the Board approved an Amendment of Lease Agreement between the Department of Natural Resources and Weckers, Inc. Remark # 2 in this item provided for a right to renew the lease for seven additional terms of five years each requiring BPW approval. This language was in error and contradicted the Lease Amendment which provided for seven renewal terms, without seeking future Board approval. Approval is now being requested for the current renewal term and the four remaining five year renewal terms to correct the prior error.
